

**Extract of the meeting of the
2nd Board of Governors Meeting, Item No. 2.4, held on 25th July 2015
at KLE Society's, S. Nijalingappa College, Bengaluru -10**

Agenda 2.4

To consider and approve 'Academic Regulations, Service Rules (framed as per the service rules & policies of KLE Society), Delegation of Financial Powers, regulations regarding Conduct of Convocation, installation of Medals and Prizes of KLE Technological University' framed and approved by the Academic Council and the Executive Council as per the provisions of the 'KLE Technological University Act – 2012'.

Resolution 2.4:

Resolved to approve the 'Academic Regulations, Service Rules (framed as per the service rules & policies of KLE Society), Delegation of Financial Powers and regulation regarding Conduct of Convocation, installation of Medals and Prizes of KLE Technological University' framed and approved by Academic Council and Executive Council as per the provisions of the 'KLE Technological University Act – 2012'.

The Academic Regulation vide, Section No.23 of Chapter IV, 'Programmes of Study and Structure', which is approved is as given below:

A student shall have an opportunity for supplementing the learning experiences by crediting additional courses, in diverse areas. These additional credits when they are in focused areas can earn the students credential like Minor.

Minor : Minor is an additional credential a student will earn if s/he does 15 credits worth additional learning in a discipline other than her/his major discipline. All academic departments/schools in the University can offer minors in their disciplines and prescribe a structure necessary for earning a minor in that discipline. It should be noted that these additional learning courses do not contribute in any way or are in no form a requirement for the major degree of the student. The Minor degree is awarded along with the Undergraduate degree and not in the interim period.

To qualify for a Minor in the chosen area, which may be mentioned in the separate certificate, a student shall register and successfully complete the Five courses each of three credits in a Minor area outside her/his major discipline as specified by the concerned departmental/school board of studies.

A student opting for a mix of electives courses not meeting the minimum course requirements shall not qualify for Minor.
