Lateral Entry Remedial Classes Details

Diploma(Lateral) entry students have 3-years B.E. programme. They will join at second year(3rd Semester) of Engineering programme. The admissions of Diploma students will take place during the month of September/October, about one month late from regular admissions. Bridge courses (Graph Theory and Calculus (15EMAB233) and Vector Calculus and Linear Algebra(15EMAB243)) are conducted to improve their analytical skills. Extra classes for regular courses are conducted to cope up with the syllabus. In addition to class room interactions class committee meeting are conducted to address the issues related to teaching learning, extracurricular and co curricular activities. For a group of 20 students, faculty advisors are assigned to monitor and counsel the student's academic progress to enhance their performance.

Special measures taken to support Diploma students are as follows

- Organizing Extra Classes.
- Remedial and Tutorial Classes are held to prepare them for remedial exams.
- Providing tutorial assignments.
- Providing reading material to improve basic understanding of the courses.
- Encouraging them to participate in various activities.
