

Letter of Invitation To Global Capstone Design Fair

September 17th, 2018

Dear Prof. ARUNKUMAR CHANDRASHEKARAPPA GIRIYAPUR,

I would like to invite you to E² Festa 2018 (Engineering Education Festival 2018) held on Nov. 8th and 9th at KINTEX Convention Center in Ilsan city, which is the largest festival of engineering community in Korea. You can see the overall view of programs at <http://www.e2festa.kr/>

Capstone Design Fair is one of main programs of E² Festa 2018, where over 200 outstanding capstone design works from around 100 Korean universities will be shown in the exhibition. In particular, Global Capstone Design Fair (GCDF) will be held in parallel with domestic Capstone Design Fair, where foreign universities' works of excellence are invited for sharing mutual experience of capstone design and boosting further collaboration for globalization of engineering education.

I believe you have been discussing with your partner Hub ICEE on how many teams and students will be coming and what kinds of support will be provided. If you or your student plan to stay longer than the official period or additional participants want to come to the E² Festa 2018, please send us a prior notice for arrangement of their accommodation but additional expenses arising therefrom should be paid by your budget.

Please refer to "Guidelines for Participants" attached herewith for more information and we would like to ask for your reply regarding on "2. Participant Information" and "6. Accommodation" not later than September 26th 2018. I am sorry for giving you a short time for reply and preparation.

I hope that E² Festa 2018 will be a meaningful and exciting event to you and your students.

Prof. Wonjong Joo, Organizer of GCDF

Korea Association of Innovation Centers for Engineering Education

SEOUL NATIONAL UNIVERSITY OF
SCIENCE & TECHNOLOGY

CERTIFICATION OF INVITATION

CONSULAR SECTION
Embassy of the Republic of Korea in India

September 27, 2018

Dear whom it may concern:

This is to certify that the following people have been invited to the **2018 Capstone Design Fair (창의적종합설계경진대회)** by the **Innovation Center for Engineering Education, Seoul National University of Science and Technology (서울과학기술대학교 공학교육혁신센터, <http://icee.seoultech.ac.kr/>)**. The 2018 Capstone Design Fair is a subprogram of the **2018 Engineering Education Festival (2018 공학페스티벌, E²FESTA 2018, <http://www.e2festa.kr/>)** and organized by the **Innovation Center for Engineering Education, Seoul National University of Science and Technology**. The E²FESTA 2018 will be held at KINTEX Exhibition Center, Ilsan city, Korea on **November 8-9, 2018**.

Invitee 1

Name In Full : ARUNKUMAR CHANDRASHEKARAPPA GIRIYAPUR
Passport No. : J4637727
Date of Birth : 25 Jun 1961
Position : Professor
Affiliation : KLE Technological University
Present Address : HNo 45, Opp Vishwanath Temple, Adhyapak Nagar,
Hubli-Dharwad City – 580032, India
Purpose of Travel : Participation in E²Festa 2018
Period of Travel : November 6-13, 2018
Destination : Innovation Center for Engineering Education
Seoul National University of Science & Technology
232 Gongneung-ro, Nowon-gu, Seoul 01811 Republic
of Korea
