**Details of the Program/Report:**

Fintel, is an organization started by Rajeev Verma, CS and Kartliik Shetty, CA. They mainly came here to provide their services to start-ups and discussed as to what all they handle. They spoke on key points by which way start-ups can get loan, the documents they need to maintain for clean audit. They spoke on recent changes in government policies, which start-ups should note and act upon, so that their licenses are protected. They were happy to extend their services to CTIE start-ups and work closely with them for helping them keep their financial documents clean and updated.

**Number of Participants: 20**
