Date: 06/06/2016

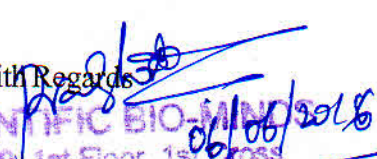

To;
Prof. L.R. Patil
Head and Associate Professor
Department of Biotechnology
B.V. Bhoomaraddi College of Engineering & Technology,
Hubballi- 31

Subject: Industry-Institute Interaction and student internship as part of BiSEP.

This is in response to your email communication regarding the above mentioned subject. We, **Scientific Bio-Minds, Bangalore** gladly consent to extend support to the proposed BiSEP initiative from your **Department of Biotechnology**. We believe, the program will be a win-win proposition in terms of knowledge sharing, skill enhancement, curriculum design, course delivery, and student internships thereby bridging the gap between industry-academia. The program would also benefit the students by improving their skill-sets and making them industry-ready.

With Regards
