Dear Sir,

Subject: Industry-Institute Interaction and student internship as part of BiSEP.

This is in response to your email communication on 3rd June 2016, regarding the above mentioned subject. Novocatalyz Scientific Technologies Private Limited gladly extend its consent to support the proposed BiSEP initiative from your Department of Biotechnology. We believe, the program will be a excellent proposition in terms of knowledge sharing, skill enhancement, curriculum design, course delivery and student internships thereby bridging the gap between industry-academia. Novocatalyz agrees that the program would benefit the students by improving their skill-sets and making them industry-ready.

Thanking you,

Warm regards,

Dr. Yogananda Moolmath,
Head – Contract Research Services (Asia-Pacific),

catalyzing innovations...
