The research programmes of the University are mainly applied in nature for solving problems of farming community of particular location coupled with overall increase in agricultural production of the State. Emphasis is also given to basic research supportive to applied research for tackling fundamental problems. Adaptive research is also undertaken for developing and refinement of newly developed technology under farmers field condition, validation and ensuring acceptance. Further, the research programmes of the University are oriented towards improving potentiality of various crops and related inputs and resources in agriculture. Its Vice-Chancellor heads this reputed University.

KLE Technological University, Hubballi (KLETech) formerly known as B V Bhoomaraddi College of Engineering & Technology Hubballi, established through Karnataka Act No. 22 of 2013, & The KLE Technological University Act 2012, lays strong emphasis on academic and technical excellence. The University now offers UG & PG programs.

The Registrar of University of Agricultural Sciences, Dharwad, (UASD) and The Registrar of KLE Technological University, Hubballi (KLETech) have arrived at an agreement for mutual co-operation in research, training and extension activities between two institutions, hence, this Memorandum of Understanding. The following are the terms of agreement.

Article I

KLETech has many well-equipped laboratories and state of art high-end software laboratory facilities in specific areas of Science and Technology.

The KLETech has many Professors and Scientists who have expertise in the respective areas of research, training and extension.

The KLETech will facilitate the following:

- Permits and recognize Scientists / Professors to be Co-Guides of Post Graduate students and Research (PhD) Scholars working in the two Institutions.
- Make available the facilities like laboratories, workshops and library etc at the KLETech to the students & faculty of University of Agricultural Sciences, Dharwad, (UASD) for project work, conducting experiments and reference works.
- Prepare joint research projects, which are mutually beneficial to both the Institutions, for funding by various agencies in India and abroad.
- To depute Scientists / Professors to University of Agricultural Sciences, Dharwad(UASD) to deliver lectures and consultations in research, prepare project proposals, extension activities etc. on mutually agreeable terms.

Article II

University of Agricultural Sciences, Dharwad, (UASD) will facilitate the following:

- Permits and recognize Scientists/Professors to be Co-Guides of Post Graduate students and Rresearch (PhD) Scholars working in the two Institutions.
- Make available the facilities like laboratories, workshops and library etc at the University of Agricultural Sciences, Dharwad, (UASD) to the students and faculty of KLETech.
- Prepare joint research projects which are mutually beneficial to both the institutions to be submitted for funding by various agencies in India and abroad.

Hubballi-580 031.

- Permits the post graduate students, research scholars and faculty members of various Departments of the KLETech to visit the UASD for conducting practical, project work, extension activities etc. on mutually agreeable terms.

Article III

- The MOU between the two Universities may be supplemented by detailed work plans to be developed jointly which describe more specifically the activities to be carried out under this collaborative programme.
- If a need arises, University of Agricultural Sciences, Dharwad, (UASD) and the KLE Technological University, Hubballi may constitute a Joint Committee to work out the practical problems of collaboration if any, between the two Universities in general, and to ensure proper and effective implementation of this MOU.
- Such details as agreed upon will be effective by exchange of letters between the University of Agricultural Sciences, Dharwad, (UASD) and the KLE Technological University, Hubballi and such letters shall form part of this agreement.

Article IV

- The benefits such as improved technology, material, machinery, designs, techniques and awards accrued or arising from this collaborative effort may be used by either or both the parties with due recognition of each parties contribution.
- The results from this collaborative research may be used by either or both the parties with due recognition of each party's contribution.

Article V

This agreement shall be in effect initially for a period of five years from the date on which this MOU is signed by both the parties and may be renewed thereafter, if mutually agreed. Either party may terminate the agreement by written notification sent to the proper officer of the institution. Such notice must be received by either party six months prior to the effective termination date.

Article VI

Force majeure: Neither of the parties here shall be considered in default of performance under the contract, if such performance is prevented or delayed by events such as war, civil war, (whether declared or not), civil commission, insurgency, hostilities, evolution, riots, strikes, lockouts, conflagration, epidemics, accidents, fire, flood, drought, earthquake, or any act of God or cause beyond the reasonable control of the party affected provided notice in writing within 10 days, failing which is shortest period by University of Agricultural Sciences, Dharwad, (UASD) to KLE Technological University, Hubballi and vice versa. Soon after the cause of force Majeure has ceased, the party whose ability to perform its obligations has been affected shall notify the other of such cessation and of the actual delay occurred in the affected activity, abducting necessary evidence in support thereof. From the date of occurrence of Force majeure, the obligation under this agreement shall stand extended by period equal to the period of delay occasioned by such events.
