**SPONSORSHIP AGREEMENT**

This Sponsorship Agreement (Agreement) is made on \_\_\_\_\_ ("Effective Date")

By and between

**Dassault Systemes Foundation**, a Company incorporated under Section 8 of the Companies Act, 2013, and having its Registered Office at Plant 11, Pirojshanagar, Vikhroli (West), Mumbai – 400 079. CIN: U72900MH2017NPL302013 | Tel: +91-22-67056001 | Fax: +91-22-67056891; represented by Mr. Sudarshan Mogasale – in his capacity as Chairman of the Board of Directors (Hereinafter referred to as "DS Foundation")

*[Handwritten Signature]*

And

**KLE Technological University, Hubballi, Karnataka**, situated at **Vidya Nagar, Hubballi 580 031 Karnataka**, established in the year 1947, is an Educational Institute represented herein by Dr B Kotturshettar in his capacity as Head, School of Mechanical Engineering of the University.

(Hereinafter referred to as "**Partner**")

Hereinafter individually called as "**Party**" or collectively called as "**Parties**"

Whereas,

**A) Dassault Systemes Foundation** is dedicated to transforming the future of education and research with the learning and discovery capabilities of 3D technology and virtual universes. Dassault Systemes Foundation supports projects in India to bring about transformation in Education and Research. It is working with the objective to improve engineering skills and support innovation in Indian Academia/ Research Centres, to accelerate education transformation, to encourage scientific research, to encourage vocation for science and engineering among young people and to support education programs for Underprivileged & Specially abled citizens. Dassault Systemes Foundation will help teachers, learners and scientist to leverage the power of 3D virtual world to stretch the limits of knowledge and to invent new ways to pass on this knowledge to current and future generations of Indian thinkers, inventors, builders and leaders.

**B) PARTNER - KLE Technological University, Hubballi**, is dedicated to offer distinctive curriculum to students that meets highest standards of excellence, generation and application of new knowledge through research and creative endeavors.

To offer undergraduate and post-graduate programs with engaged and experiential learning environment, enriched by high quality instructions that prepares students to succeed in their lives and professional careers. To enable and grow disciplinary and inter-disciplinary areas of research, that build on present strengths and future opportunities, aligning with areas of national strategic importance and priority. To actively engage in Socio-economic development of the region, by contributing our expertise, experience and leadership, to enhance competitiveness and quality of life.

As a unified community of faculty, staff and students, we work together with the spirit of collaboration and partnership to accomplish our mission.

**The Partner hereby certifies to Dassault Systemes Foundation that the Partner:**

- Is a body of general interest, registered as per applicable laws
- Pursues non-profit making aims,
- Is selflessly managed,
- Does not exist for the sole benefit of a circle of people.

Dassault Systemes Foundation wishes to support **KLE Technological University**, by way of financial contribution, and the Parties hereto have consequently agreed to enter into this sponsorship agreement (hereinafter the "**Agreement**").

**NOW THEREFORE THE PARTIES HERETO AGREE AS FOLLOWS:**

**PARTNER'S PROJECT**

A team of professors and students from **KLE technological University** wishes to implement project titled **"Enhancing learning through virtual reality – For Pumps and Turbo Machinery"**.

**Objectives of the Project**

- To create digital learning platform by introducing virtual reality to understand complex working principles of Turbomachinery (Pumps, Turbines, Compressors).

**Scope of the Project**

- Traditional training approach does not provide learning understanding and insight on the behavior of complex engineering phenomenon. Even students who excel in schooling / academic studies often are unable to apply what they have learned to similar real-world contexts.
- Under this project a team of staff and students will be creating the 3D digital models, assemblies and simulate behaviors for various use cases and transform data to VR to create immersive virtual experience of turbo machines for student's learning.
- Turbo Machines for which VR learning Experience will be developed include:
  - Marine and Air Craft Propellers
  - Centrifugal and Axial Pumps
  - Pelton, Francis, Kaplan Turbines
  - Turbo Jet Compressors

**Significance of the Project**

- VR based digital learning content will be developed for Turbo machines
- VR will help students to boost their creativity and provides innovative learning experience to students by allowing them to interact with the digital models by varying the parameters and visualise it's effect from a part to an assembly of the turbo machinery's engineering behavior
- Understand specific problems in the turbomachinery's which affect the working of the machine

**Outcomes of the Project**

- Development of VR based efficient learning methodologies for Students, learners and Faculty members
- Development of 3D Digital models, system behavior, simulation studies to develop VR based learning experience for the students
- Propose Inclusion of this learning experience in the curriculum in a phase wise manner.

**Learning Opportunity for students**

- Design of integrated systems, CAE and 3D design simulations
- How to design VR enabled simulations of physical systems like Turbo Machines
- How to design VR based learning experiences

*Jed*

### Digital Content which will be developed

- Digital 3D content including simulation for identified set of turbo machines
- Comprehensive learning/ teaching content in digital form on how turbo machines work

The Partner agrees to share all the content created or developed (including but not limited to findings of the project, analysis results, digital contents and teaching materials) as part of this project, to Dassault Systemes Foundation and will allow Dassault Systemes Foundation to use and share it with other institutes.

(Hereinafter the "Project")

### ARTICLE 1. PURPOSE OF THE AGREEMENT

The Parties have entered into this Agreement in order to define the terms and conditions pursuant to which Dassault Systemes Foundation is supporting the Partner within the framework of the Project by providing a financial contribution.

### ARTICLE 2. FINANCIAL CONTRIBUTIONS OF THE DASSAULT SYSTEMES FOUNDATION

Dassault Systemes Foundation shall make, financial contribution of **Rs. 10,00,000/-** (Rs Ten Lakhs)  
This financial contribution made by Dassault Systemes Foundation:

- 1) Shall be utilized by the **Partner** solely for the purpose of the **Project** and will be used as per the break-up provided in the Application Form submitted by partner/college and such relevant extracts are annexed hereto (**refer annexure A**)
- 2) Shall **not** be used to purchase licenses or access rights on Dassault Systemes offerings

Partner will provide details of the items purchased or expenses made out of the financial contributions and submit corresponding receipts or bills as applicable. In cases where such receipts cannot be furnished, suitable declaration shall be submitted by the Partner.

Partner agrees to allow Dassault Systemes Foundation to use the facilities developed by partner as part of this project; for any activities foundation wishes to carry out in future.

The contribution shall be One-time payment by Dassault Systemes Foundation, which should be made within four to six weeks from effective date of the agreement

Dassault Systemes Foundation will be allowed to audit usage of the funds provided by Dassault Systemes Foundation for the stated purpose.

The contribution amount shall appear on the tax receipt to be issued by the Partner no later than 30 days following the receipt of funds.

The request for funds and the tax receipt shall be addressed to:

**Dassault Systemes Foundation**

**ARTICLE 3. DUTIES OF THE PARTNER AND CREDITS**

The Partner agrees to:

- 1) Allocate the sums disbursed under this Agreement to the Project, and shall provide itemized expense receipts to Dassault Systemes Foundation within **90 days**.  
Dassault Systemes Foundation may audit the use of funds by the Partner from time to time in its discretion. Dassault Systemes Foundation representatives reserve the right to visit project site as and when required to monitor progress of the project.
- 2) Assign Project Manager for successful execution of the Project in a timely manner.
- 3) In the event if research scholars assigned by partner to work on this project, leave the project before completion of the scope, partner takes responsibility of assigning the research scholars in time and complete the scope of the project.
- 4) To ensure that all the infrastructure installed / used for the "**Project**" is handled with utmost care, is protected to the same extent that partner would protect its own property.
- 5) Share the know-how and learnings from the Project with other learners and related communities.
- 6) Prepare a report after the project duration is completed or at year end, whichever is earlier, and submit a certified copy to Dassault Systemes Foundation.
- 7) The partner shall ensure completion of project as per timelines mentioned in the Agreement.

The Partner agrees to send to Dassault Systemes Foundation a minimum of five photographs, relevant documents illustrating the Project. The Partner grants Dassault Systemes Foundation the right to use the photographs, to have them used directly or indirectly, to reproduce, represent, display and download them, to insert them in any communication medium related to the activities of Dassault Systemes Foundation (digital, paper, audiovisual or otherwise) or to have them inserted in a communication medium by a third party under the same conditions. These rights are granted on a worldwide basis and for the duration of protection of these photographs by copyright law.

The Partner confirms to Dassault Systemes Foundation that it obtained from all third parties (individuals or companies) all the necessary permissions to authorize the use of the aforementioned photographs by Dassault Systemes Foundation under the conditions defined above, including approval by those third parties for the use of their image on the photographs as defined above.

The Partner may include in its promotional materials and website, the mention that the Project has been made possible with the financial support of Dassault Systemes Foundation. Dassault Systemes

Foundation shall provide, where necessary, logos to insert in the necessary formats. Partner shall not use Logo, trademark or any intellectual property of Dassault Systemes Foundation without express written consent of Dassault Systemes Foundation and the same shall be obtained after following due process specified by Dassault Systemes Foundation.

#### ARTICLE 4. RIGHTS AND LICENSE TO USE

The Partner hereby grants the Dassault Systemes Foundation, for non-profit and educational purposes, a non-exclusive, royalty-free, worldwide, perpetual, irrevocable and sub licensable right and license to use, execute, reproduce, display, perform and distribute, in whole or in part, and create derivative works of, and authorize others to do any of the foregoing, any educational materials (including but not limited to curricula, lesson plans and teaching materials) created or developed by the Partner in connection with the Project (the "Licensed Materials"). Further, the Partner shall promptly and fully furnish the Licensed Materials to the Dassault Systemes Foundation upon the completion of the Project. The Partner confirms and warrants that it has all rights necessary to provide the license granted in this subsection.

#### ARTICLE 5. SINGLE POINT OF CONTACT

Each party shall appoint their representative as a Single Point of Contact (SPOC) for better coordination between the two parties
