

To,  
The Vice Chancellor  
KLE Technological University,  
Hubballi.

Date: 27<sup>th</sup> September 2017

**Sub: Collaboration to offer Engineering Exploration course in select Engineering Colleges and Universities across India.**

Dear Sir,

**Greetings from India Electronics and Semiconductor Association (IESA).**

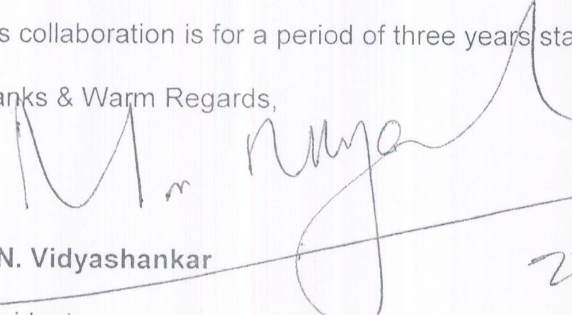

IESA is promoting Electronics System Design and Manufacturing and entrepreneurship in India through partnership with select educational institutions and Universities in our country. This is being pursued through NETRA, an entity created by IESA for the purpose.

As a part of this program we wish to take "Engineering Exploration" course designed by your University to other institutes. In this regard IESA is collaboration with you and the scope of collaboration will cover:

- Sharing of curriculum content of " Engineering Exploration" course with select partner institutions
- Faculty Empowering through Workshops
- Mentoring to create required learning environments in these select institutions
- Periodic review and monitoring

This collaboration is for a period of three years starting from 2017.

Thanks & Warm Regards,

  
M. N. Vidyashankar

President  
India Electronics & Semiconductor  
Association (IESA)  
Additional Chief Secretary to GOK  
Retd.)
