JOIN US TO CELEBRATE STUDENTS' SUCCESS

Engineering Exploration @ CEER KLE Tech

The first year course – “**Engineering Exploration**” is a unique innovation born in the educational ecosystem of KLE Tech. This is a co-designed and co-taught course that focuses on problem-solving, engineering design, multi-disciplinary skills, data acquisition and analysis, ethics, and sustainability. It follows PBL pedagogy and students work in teams to solve identified problems. Prayog Vasant is an exhibition conducted in the last week of the spring semester and it serves as a platform for peer learning and celebration of students success.
