

Human Resource Development Cell

Human Resource Development Cell (HRD) is the part of Human Resource Management which specifically deals with the training and development of Faculty, Staff and Students of KLE Technological University.

HRD Cell helps the Faculty, Staff and Students in developing their knowledge, skills and abilities required to perform their work effectively and in productive manner. This further helps in realizing the overall University goals.

The HRD cell receives the recommendations from the individual department/programs to impart training to their faculty, staff and students.

The *Coordinator-Human Resource Development Cell* shall incorporate the review report observations by the *top management* and also requests received from individual program heads into the plan of activities for both students and faculty on annual basis.

Further the *Coordinator-Human Resource Development Cell* shall:

- Identify the resources required to conduct the training programs on continuous basis.
- One or more of the following methods can be used to select the resources:
 1. Recommendation from others
 2. Market reputation
 3. Personal discussion
- Obtain the approval of Central Steering Committee
- coordinate and conduct the approved programs
- Where ever necessary, collect feedbacks from the student and faculty members at the end of semester/year or on the completion of the program as found necessary.

For the students, the training is provided through a tailor made program called “VIKAS” made up of various modules which will run parallelly with their regular curriculum. It is designed for III to VI semester students.
