

3.2.1

Extramural funding for Research (Grants sponsored by the non-government sources such as industry, corporate houses, international bodies for research projects)

2019- 20

Donation Receipt

Date: - 04-10-2019

Received with thanks

From Dassault Systemes Foundation

(a Company incorporated under Section 8 of the Companies Act, 2013, and having its Registered Office at Plant 11, Pirojshanagar, Vikhroli (West), Mumbai – 400 079. CIN: U72900MH2017NPL302013. Hereinafter referred to as "DS Foundation")

Rs. 10,00,000/- (Rs. Ten Lakhs Only)

By Electronic Transfer (Processing Date: 27th September 2019)

as Donation to support, Project 'Enhancing learning through virtual reality – For Pumps and Turbo Machinery', as per Sponsorship Agreement between Dassault Systemes Foundation and "KLE Technological University" dated 23rd Sep 2019

(Ref: DSF Contract ID: 26/2019). DSF Project ID: IN-2019-026.

PAN number of KLE Technological University is AACA K9702A

Thanking you.

With regards,

Dr B B Kotturshettar

SPONSORSHIP AGREEMENT

This Sponsorship Agreement (Agreement) is made on _____ ("Effective Date")

By and between

Dassault Systemes Foundation, a Company incorporated under Section 8 of the Companies Act, 2013, and having its Registered Office at Plant 11, Pirojshanagar, Vikhroli (West), Mumbai – 400 079. CIN: U72900MH2017NPL302013 | Tel: +91-22-67056001 | Fax: +91-22-67056891; represented by Mr. Sudarshan Mogasale – in his capacity as Chairman of the Board of Directors (Hereinafter referred to as "DS Foundation")

And

KLE Technological University, Hubballi, Karnataka, situated at **Vidya Nagar, Hubballi 580 031 Karnataka**, established in the year 1947, is an Educational Institute represented herein by Dr B Kotturshettar in his capacity as Head, School of Mechanical Engineering of the University. **(Hereinafter referred to as "Partner")**

Hereinafter individually called as "Party" or collectively called as "Parties"

Whereas,

- A) Dassault Systemes Foundation** is dedicated to transforming the future of education and research with the learning and discovery capabilities of 3D technology and virtual universes. Dassault Systemes Foundation supports projects in India to bring about transformation in Education and Research. It is working with the objective to improve engineering skills and support innovation in Indian Academia/ Research Centres, to accelerate education transformation, to encourage scientific research, to encourage vocation for science and engineering among young people and to support education programs for Underprivileged & Specially abled citizens. Dassault Systemes Foundation will help teachers, learners and scientist to leverage the power of 3D virtual world to stretch the limits of knowledge and to invent new ways to pass on this knowledge to current and future generations of Indian thinkers, inventors, builders and leaders.
- B) PARTNER - KLE Technological University, Hubballi**, is dedicated to offer distinctive curriculum to students that meets highest standards of excellence, generation and application of new knowledge through research and creative endeavors.
- KLE Technological University** aims to enable and grow disciplinary and inter-disciplinary areas of research, that build on present strengths and future opportunities, aligning with areas of national strategic importance and priority. **KLE Technological University** is actively engaged in Socio-economic development of the region, by contributing expertise, experience and leadership, to enhance competitiveness and quality of life.

The Partner hereby certifies to Dassault Systemes Foundation that the Partner:

- Is a body of general interest, registered as per applicable laws
- Pursues non-profit making aims,
- Is selflessly managed,
- Does not exist for the sole benefit of a circle of people.

Dassault Systemes Foundation wishes to support **KLE Technological University**, by way of financial contribution, and the Parties hereto have consequently agreed to enter into this sponsorship agreement (hereinafter the "**Agreement**").

NOW THEREFORE THE PARTIES HERETO AGREE AS FOLLOWS:

PARTNER'S PROJECT

A team of professors and students from **KLE technological University** wishes to implement project titled "**Development of Humanoid Robot and its digital twin using 3D Experience Platform to enhance interdisciplinary teaching and learning**".

Objectives of the Project

- To build an open-source Humanoid Robot framework using 3DEXPERIENCE Platform and develop learning curriculum to teach design of Humanoid Robot, to enhance interdisciplinary teaching and learning

Scope of the Project

- Build an open-source Humanoid Robot platform.
- Develop the hardware and software framework for it. It involves a humanoid robot platform consisting of a wheeled base and a torso with two arms and head.
- The humanoid can navigate using the wheels and has two arms with 4 DOF each. Each arm has a gripper at its end.
- The humanoid can do the sense-plan-act tasks. It will also have facilities to build intelligence to do higher level tasks such as planning, localization and navigation.
- Build the digital twin of the humanoid in 3D EXPERIENCE Platform.
- Develop a dedicated course, curriculum and 3D content on "Designing a Humanoid Robot and its applications", which can be shared and adopted by various institutes.
- Enhance interdisciplinary curriculum through learning content development.

Significance of the Project

- Development of course for engineering students to teach "Designing a Humanoid Robot and its applications", which is essential new skills for students to be ready for future trends.
- The humanoid robot will be developed as an open source platform for teaching several interdisciplinary courses & for research.
- Integration of Virtual plus physical behaviour for Humanoid Robot using 3DEXPERIENCE Platform including kinematics and Systems engineering.
- Through this help creation of a platform for engineering institutes who wants to implement robotics and also further the research in AI for robotics

Outcomes of the Project

- Well defined fully functional humanoid robot with AI framework, DIY kit, learning content
- Development of 3D Digital models, system behaviour, simulation studies to develop 3D digital learning experience for the students
- Develop laboratory exercises using the platform in AI for robotics laboratory
- Inclusion of this learning experience in the curriculum in a phase wise manner
- Access to the humanoid robot and the learning content will be provided to other institutes as well

Learning Opportunity for students

- Design of integrated systems, 3D design, Systems Engineering, robotics and automation simulations
- How to design a humanoid robot, configure it for specific applications involving human-machine integration
- How to link AI with humanoid robot's decision algorithm for sense-plan-act tasks
- The project will help students in learning the design of complex systems comprising of various subsystems and components, achieving higher levels of learning

Digital Content which will be developed

- Digital 3D content including simulation for humanoid robot
- Develop comprehensive learning/ teaching content in digital form for design and development of humanoid robot and one semester subject curriculum
- Open source platform for Humanoid robot

Planning/ Schedule: Project completion duration: 12 months from the date of signing.

The Partner agrees to share all the content created or developed (including but not limited to findings of the project, analysis results, digital contents, syllabus design and teaching materials) as part of this project, to Dassault Systemes Foundation and will allow Dassault Systemes Foundation to use and share it with other institutes.

(Hereinafter the "Project")

ARTICLE 1. PURPOSE OF THE AGREEMENT

The Parties have entered into this Agreement in order to define the terms and conditions pursuant to which Dassault Systemes Foundation is supporting the Partner within the framework of the Project by providing a financial contribution.

ARTICLE 2. FINANCIAL CONTRIBUTIONS OF THE DASSAULT SYSTEMES FOUNDATION

Dassault Systemes Foundation shall make, financial contribution of **Rs. 8,50,000/-** (Rs Eight Lakhs Fifty Thousand)

This financial contribution made by Dassault Systemes Foundation:

- 1) Shall be utilized by the **Partner** solely for the purpose of the **Project** and will be used as per the break-up provided in the Application Form submitted by partner/college and such relevant extracts are annexed hereto (**refer annexure A**)
- 2) Shall **not** be used to purchase licenses or access rights on Dassault Systemes offerings

Partner will provide details of the items purchased or expenses made out of the financial contributions and submit corresponding receipts or bills as applicable. In cases where such receipts cannot be furnished, suitable declaration shall be submitted by the Partner.

Partner agrees to allow Dassault Systemes Foundation to use the facilities developed by partner as part of this project; for any activities foundation wishes to carry out in future.

The contribution shall be One-time payment by Dassault Systemes Foundation, which should be made within four to six weeks from effective date of the agreement

Dassault Systemes Foundation will be allowed to audit usage of the funds provided by Dassault Systemes Foundation for the stated purpose.

The contribution amount shall appear on the tax receipt to be issued by the Partner no later than 30 days following the receipt of funds.

The request for funds and the tax receipt shall be addressed to:

Dassault Systemes Foundation

Hemant Gadgil
Plot No. 15/B, Pune Infotech Park,
M.I.D.C. Hinjewadi, Phase 1,
Taluka Mulshi,
Pune 411 057, India

A copy of the request for funds shall be sent at the following email address:
Hemant.Gadgil@lafondation3ds.in

ARTICLE 3. DUTIES OF THE PARTNER AND CREDITS

The Partner agrees to:

- 1) Allocate the sums disbursed under this Agreement to the Project, and shall provide itemized expense receipts to Dassault Systemes Foundation within **90 days**.
Dassault Systemes Foundation may audit the use of funds by the Partner from time to time in its discretion. Dassault Systemes Foundation representatives reserve the right to visit project site as and when required to monitor progress of the project.
- 2) Assign Project Manager for successful execution of the Project in a timely manner.
- 3) In the event if research scholars assigned by partner to work on this project, leave the project before completion of the scope, partner takes responsibility of assigning the research scholars in time and complete the scope of the project.
- 4) To ensure that all the infrastructure installed / used for the "Project" is handled with utmost care, is protected to the same extent that partner would protect its own property.
- 5) Share the know-how and learnings from the Project with other learners and related communities.
- 6) Prepare a report after the project duration is completed or at year end, whichever is earlier, and submit a certified copy to Dassault Systemes Foundation.
- 7) The partner shall ensure completion of project as per timelines mentioned in the Agreement.

The Partner agrees to send to Dassault Systemes Foundation a minimum of five photographs, relevant documents illustrating the Project. The Partner grants Dassault Systemes Foundation the right to use the photographs, to have them used directly or indirectly, to reproduce, represent, display and download them, to insert them in any communication medium related to the activities of Dassault Systemes Foundation (digital, paper, audiovisual or otherwise) or to have them inserted in a communication medium by a third party under the same conditions. These rights are granted on a worldwide basis and for the duration of protection of these photographs by copyright law.

The Partner confirms to Dassault Systemes Foundation that it obtained from all third parties (individuals or companies) all the necessary permissions to authorize the use of the aforementioned photographs by Dassault Systemes Foundation under the conditions defined above, including approval by those third parties for the use of their image on the photographs as defined above.

The Partner may include in its promotional materials and website, the mention that the Project has been made possible with the financial support of Dassault Systemes Foundation. Dassault Systemes Foundation shall provide, where necessary, logos to insert in the necessary formats. Partner shall not use Logo, trademark or any intellectual property of Dassault Systemes Foundation without express written consent of Dassault Systemes Foundation and the same shall be obtained after following due process specified by Dassault Systemes Foundation.

ARTICLE 4. RIGHTS AND LICENSE TO USE

The Partner hereby grants the Dassault Systemes Foundation, for non-profit and educational purposes, a non-exclusive, royalty-free, worldwide, perpetual, irrevocable and sub licensable right and license to use, execute, reproduce, display, perform and distribute, in whole or in part, and create derivative works of, and authorize others to do any of the foregoing, any educational materials (including but not limited to curricula, lesson plans and teaching materials) created or developed by the Partner in connection with the Project (the "Licensed Materials"). Further, the Partner shall promptly and fully furnish the Licensed Materials to the Dassault Systemes Foundation upon the completion of the Project. The Partner confirms and warrants that it has all rights necessary to provide the license granted in this subsection.

ARTICLE 5. SINGLE POINT OF CONTACT

Each party shall appoint their representative as a Single Point of Contact (SPOC) for better coordination between the two parties

SPOC details:

For: Dassault Systemes Foundation	
Name:	Hemant Gadgil
Address:	Dassault Systemes Foundation Plot No. 15/B, Pune Infotech Park, M.I.D.C, Hinjewadi Phase-I, Taluka Mulshi, Pune 411 057
Ph:	+91 (20) 6793 6600
Email id:	Hemant.Gadgil@lafondation3ds.in
KLE technological University	
Name:	Arunkumar C. Giriyapur
Title:-	Associate Professor
Address:	Department of Automation & Robotics KLE Technological University, BVB Campus, Vidyanagar, Hubli - 580031
Ph:	9449052209
Email id:	aaron@kletech.ac.in

Each party shall notify the other of any modification in writing in case of change in the above SPOC.

ARTICLE 6. TERM

- 1) This Agreement shall be effective from the 'Effective Date' and shall be valid for duration of three years.
- 2) During this term or any renewal term, either party may terminate this agreement upon sixty (60) days prior written notice to the other party, if any party is in breach of any material provision of this agreement and such breach is not cured within fifteen (15) days after written notice thereof is received by the breaching party.
- 3) In the event of termination of this agreement prior to expiry of the defined term, Dassault Systemes Foundation shall have no obligation to provide further funding to the partner and partner may continue to execute the project at its own cost.

ARTICLE 7. MISCELLANEOUS

This Agreement represents the entire agreement between the Parties in relation to the subject matter set forth hereunder, and replaces and supersedes any and all prior letters, proposals, offers and agreements with respect to similar subject matter. This Agreement may solely be amended by written agreement signed by the Parties and dated later than the date of signature of this Agreement.

The failure by either Party to enforce any default hereunder shall not be deemed a waiver, release or discharge of any subsequent default.

In the event any provisions of this Agreement are declared null, void or unenforceable by application of a law, regulation or further to a final decision of any competent judicial or administrative authority, the remaining provisions hereunder shall remain in force and effect.

The contracting Parties shall not be deemed to have entered into a partnership, joint venture or similar agreement by virtue of the provisions hereunder.

Unless specifically authorized in writing by the other Party, neither Party shall be deemed to be acting in any capacity whatsoever as representative of the other Party.

Neither party shall be liable for any non-performance of its obligations pursuant to the Agreement resulting from an event of force majeure as defined under applicable laws. If the performance of any of the obligations under this Agreement is prevented, restricted or interfered with by reason of fire or other casualty or accident, floods, strike or other violence (not due to any act, neglect or default of the party to Agreement), war or other violence, any law, or regulation of any government, governmental delay, or any act or condition whatsoever beyond the reasonable control of party to Agreement shall be called a "Force Majeure" event.

ARTICLE 8. GOVERNING LAW AND JURISDICTION

This Agreement shall be governed by laws of the Republic of India.

In the event the Parties fail to resolve any dispute related to the subject matter set forth herein within a reasonable time, the dispute shall be referred to for Arbitration in terms of the Arbitration and Conciliation Act 1996 or any statutory modifications thereto the place of Arbitration shall be Mumbai.

The relevant courts of the city of Mumbai shall have jurisdiction over any matter arising out of this Agreement.

IN WITNESS WHEREOF the Parties have caused this Sponsorship Agreement to be executed the day and year first herein above written.

For and on behalf of Dassault Systemes Foundation	For and on behalf of KLE technological University, Hubballi, Karnataka
	
Name: Sudarshan MOGASALE	Name: Dr. Ashok Shettar

Date:	Date:

Annexure A

Financial contribution made by Dassault Systemes Foundation will be used by partner for following activities / purchase of equipment needed for the project

#	Funding as requested by partner for (Equipment, Activities)	Quantity	Indicative Price In Rs
1	Dynamixel Motor XM430	4	124,000
2	Dynamixel Motor MX28T	5	125,000
3	Dynamixel Motor XM540-W150	3	150,000
4	Intel Real sense camera D435i	1	30,000
5	2D Logitech C922 Camera	1	10,000
6	3D Printing of the body	-	15,000
7	Intel NUC - i5, 8th Gen,16GB, 500GB	1	45,000
8	Intel Neural Stick 2	1	12,000
9	4 inch LCD Screen for Face	1	3,500
10	Nvidia AGX Xavier - with accessories	1	65,000
11	10inch Touch Screen display	1	10,000
12	Mechanical Support structure	-	12,000
13	SMPS Power supply	2	16,000
14	Li ion Battery Pack 24V, 12V	2	16,000
15	Battery Management System Boards	2	24,000
16	RP Lidar A3 360 Degrees Laser Scanner	1	62,000
17	Grippers for hands	2	60,000
18	Power Converters	4	32,000
19	Speakers	2	3,000
20	Miscellaneous	-	10,500
21	Contingencies	-	25,000
	Total		8,50,000/-

Partner agrees to provide access and allow use of hardware infrastructure which will be set-up using this financial contribution to Dassault Systemes Foundation and its partners for study, learning, research purpose.

Dassault Systemes Foundation wishes to support **KLE Technological University**, by way of financial contribution, and the Parties hereto have consequently agreed to enter into this sponsorship agreement (hereinafter the "**Agreement**").

NOW THEREFORE THE PARTIES HERETO AGREE AS FOLLOWS:

PARTNER'S PROJECT

A team of professors and students from **KLE technological University** wishes to implement project titled "**Development of Humanoid Robot and its digital twin using 3D Experience Platform to enhance interdisciplinary teaching and learning**".

Objectives of the Project

- To build an open-source Humanoid Robot framework using 3DEXPERIENCE Platform and develop learning curriculum to teach design of Humanoid Robot, to enhance interdisciplinary teaching and learning

Scope of the Project

- Build an open-source Humanoid Robot platform.
- Develop the hardware and software framework for it. It involves a humanoid robot platform consisting of a wheeled base and a torso with two arms and head.
- The humanoid can navigate using the wheels and has two arms with 4 DOF each. Each arm has a gripper at its end.
- The humanoid can do the sense-plan-act tasks. It will also have facilities to build intelligence to do higher level tasks such as planning, localization and navigation.
- Build the digital twin of the humanoid in 3D EXPERIENCE Platform.
- Develop a dedicated course, curriculum and 3D content on "Designing a Humanoid Robot and its applications", which can be shared and adopted by various institutes.
- Enhance interdisciplinary curriculum through learning content development.

Significance of the Project

- Development of course for engineering students to teach "Designing a Humanoid Robot and its applications", which is essential new skills for students to be ready for future trends.
- The humanoid robot will be developed as an open source platform for teaching several interdisciplinary courses & for research.
- Integration of Virtual plus physical behaviour for Humanoid Robot using 3DEXPERIENCE Platform including kinematics and Systems engineering.
- Through this help creation of a platform for engineering institutes who wants to implement robotics and also further the research in AI for robotics

Outcomes of the Project

- Well defined fully functional humanoid robot with AI framework, DIY kit, learning content
- Development of 3D Digital models, system behaviour, simulation studies to develop 3D digital learning experience for the students
- Develop laboratory exercises using the platform in AI for robotics laboratory
- Inclusion of this learning experience in the curriculum in a phase wise manner
- Access to the humanoid robot and the learning content will be provided to other institutes as well

Learning Opportunity for students

- Design of integrated systems, 3D design, Systems Engineering, robotics and automation simulations
- How to design a humanoid robot, configure it for specific applications involving human-machine integration
- How to link AI with humanoid robot's decision algorithm for sense-plan-act tasks
- The project will help students in learning the design of complex systems comprising of various subsystems and components, achieving higher levels of learning

Digital Content which will be developed

- Digital 3D content including simulation for humanoid robot
- Develop comprehensive learning/ teaching content in digital form for design and development of humanoid robot and one semester subject curriculum
- Open source platform for Humanoid robot

Planning/ Schedule: Project completion duration: 12 months from the date of signing.

The Partner agrees to share all the content created or developed (including but not limited to findings of the project, analysis results, digital contents, syllabus design and teaching materials) as part of this project, to Dassault Systemes Foundation and will allow Dassault Systemes Foundation to use and share it with other institutes.

(Hereinafter the "Project")

ARTICLE 1. PURPOSE OF THE AGREEMENT

The Parties have entered into this Agreement in order to define the terms and conditions pursuant to which Dassault Systemes Foundation is supporting the Partner within the framework of the Project by providing a financial contribution.

ARTICLE 2. FINANCIAL CONTRIBUTIONS OF THE DASSAULT SYSTEMES FOUNDATION

Dassault Systemes Foundation shall make, financial contribution of **Rs. 8,50,000/-** (Rs Eight Lakhs Fifty Thousand)

This financial contribution made by Dassault Systemes Foundation:

- 1) Shall be utilized by the **Partner** solely for the purpose of the **Project** and will be used as per the break-up provided in the Application Form submitted by partner/college and such relevant extracts are annexed hereto (**refer annexure A**)
- 2) Shall **not** be used to purchase licenses or access rights on Dassault Systemes offerings

Partner will provide details of the items purchased or expenses made out of the financial contributions and submit corresponding receipts or bills as applicable. In cases where such receipts cannot be furnished, suitable declaration shall be submitted by the Partner.

Partner agrees to allow Dassault Systemes Foundation to use the facilities developed by partner as part of this project; for any activities foundation wishes to carry out in future.

The contribution shall be One-time payment by Dassault Systemes Foundation, which should be made within four to six weeks from effective date of the agreement

Dassault Systemes Foundation will be allowed to audit usage of the funds provided by Dassault Systemes Foundation for the stated purpose.

The contribution amount shall appear on the tax receipt to be issued by the Partner no later than 30 days following the receipt of funds.

The request for funds and the tax receipt shall be addressed to:

Dassault Systemes Foundation

Hemant Gadgil
Plot No. 15/B, Pune Infotech Park,
M.I.D.C. Hinjewadi, Phase 1,
Taluka Mulshi,
Pune 411 057, India

A copy of the request for funds shall be sent at the following email address:
Hemant.Gadgil@lafondation3ds.in

ARTICLE 3. DUTIES OF THE PARTNER AND CREDITS

The Partner agrees to:

- 1) Allocate the sums disbursed under this Agreement to the Project, and shall provide itemized expense receipts to Dassault Systemes Foundation within **90 days**.
Dassault Systemes Foundation may audit the use of funds by the Partner from time to time in its discretion. Dassault Systemes Foundation representatives reserve the right to visit project site as and when required to monitor progress of the project.
- 2) Assign Project Manager for successful execution of the Project in a timely manner.
- 3) In the event if research scholars assigned by partner to work on this project, leave the project before completion of the scope, partner takes responsibility of assigning the research scholars in time and complete the scope of the project.
- 4) To ensure that all the infrastructure installed / used for the "Project" is handled with utmost care, is protected to the same extent that partner would protect its own property.
- 5) Share the know-how and learnings from the Project with other learners and related communities.
- 6) Prepare a report after the project duration is completed or at year end, whichever is earlier, and submit a certified copy to Dassault Systemes Foundation.
- 7) The partner shall ensure completion of project as per timelines mentioned in the Agreement.

The Partner agrees to send to Dassault Systemes Foundation a minimum of five photographs, relevant documents illustrating the Project. The Partner grants Dassault Systemes Foundation the right to use the photographs, to have them used directly or indirectly, to reproduce, represent, display and download them, to insert them in any communication medium related to the activities of Dassault Systemes Foundation (digital, paper, audiovisual or otherwise) or to have them inserted in a communication medium by a third party under the same conditions. These rights are granted on a worldwide basis and for the duration of protection of these photographs by copyright law.

The Partner confirms to Dassault Systemes Foundation that it obtained from all third parties (individuals or companies) all the necessary permissions to authorize the use of the aforementioned photographs by Dassault Systemes Foundation under the conditions defined above, including approval by those third parties for the use of their image on the photographs as defined above.

The Partner may include in its promotional materials and website, the mention that the Project has been made possible with the financial support of Dassault Systemes Foundation. Dassault Systemes Foundation shall provide, where necessary, logos to insert in the necessary formats. Partner shall not use Logo, trademark or any intellectual property of Dassault Systemes Foundation without express written consent of Dassault Systemes Foundation and the same shall be obtained after following due process specified by Dassault Systemes Foundation.

ARTICLE 4. RIGHTS AND LICENSE TO USE

The Partner hereby grants the Dassault Systemes Foundation, for non-profit and educational purposes, a non-exclusive, royalty-free, worldwide, perpetual, irrevocable and sub licensable right and license to use, execute, reproduce, display, perform and distribute, in whole or in part, and create derivative works of, and authorize others to do any of the foregoing, any educational materials (including but not limited to curricula, lesson plans and teaching materials) created or developed by the Partner in connection with the Project (the "Licensed Materials"). Further, the Partner shall promptly and fully furnish the Licensed Materials to the Dassault Systemes Foundation upon the completion of the Project. The Partner confirms and warrants that it has all rights necessary to provide the license granted in this subsection.

ARTICLE 5. SINGLE POINT OF CONTACT

Each party shall appoint their representative as a Single Point of Contact (SPOC) for better coordination between the two parties

SPOC details:

For: Dassault Systemes Foundation Name: Hemant Gadgil Address: Dassault Systemes Foundation Plot No. 15/B, Pune Infotech Park, M.I.D.C, Hinjewadi Phase-I, Taluka Mulshi, Pune 411 057 Ph: +91 (20) 6793 6600 Email id: Hemant.Gadgil@lafondation3ds.in
KLE technological University Name: Arunkumar C. Giriyapur Title:- Associate Professor Address: Department of Automation & Robotics KLE Technological University, BVB Campus, Vidyanagar, Hubli - 580031 Ph: 9449052209 Email id: aaron@kletech.ac.in

Each party shall notify the other of any modification in writing in case of change in the above SPOC.

ARTICLE 6. TERM

- 1) This Agreement shall be effective from the 'Effective Date' and shall be valid for duration of three years.
- 2) During this term or any renewal term, either party may terminate this agreement upon sixty (60) days prior written notice to the other party, if any party is in breach of any material provision of this agreement and such breach is not cured within fifteen (15) days after written notice thereof is received by the breaching party.
- 3) In the event of termination of this agreement prior to expiry of the defined term, Dassault Systemes Foundation shall have no obligation to provide further funding to the partner and partner may continue to execute the project at its own cost.

ARTICLE 7. MISCELLANEOUS

This Agreement represents the entire agreement between the Parties in relation to the subject matter set forth hereunder, and replaces and supersedes any and all prior letters, proposals, offers and agreements with respect to similar subject matter. This Agreement may solely be amended by written agreement signed by the Parties and dated later than the date of signature of this Agreement.

The failure by either Party to enforce any default hereunder shall not be deemed a waiver, release or discharge of any subsequent default.

In the event any provisions of this Agreement are declared null, void or unenforceable by application of a law, regulation or further to a final decision of any competent judicial or administrative authority, the remaining provisions hereunder shall remain in force and effect.

The contracting Parties shall not be deemed to have entered into a partnership, joint venture or similar agreement by virtue of the provisions hereunder.

Unless specifically authorized in writing by the other Party, neither Party shall be deemed to be acting in any capacity whatsoever as representative of the other Party.

Neither party shall be liable for any non-performance of its obligations pursuant to the Agreement resulting from an event of force majeure as defined under applicable laws. If the performance of any of the obligations under this Agreement is prevented, restricted or interfered with by reason of fire or other casualty or accident, floods, strike or other violence (not due to any act, neglect or default of the party to Agreement), war or other violence, any law, or regulation of any government, governmental delay, or any act or condition whatsoever beyond the reasonable control of party to Agreement shall be called a "Force Majeure" event.

ARTICLE 8. GOVERNING LAW AND JURISDICTION

This Agreement shall be governed by laws of the Republic of India.

In the event the Parties fail to resolve any dispute related to the subject matter set forth herein within a reasonable time, the dispute shall be referred to for Arbitration in terms of the Arbitration and Conciliation Act 1996 or any statutory modifications thereto the place of Arbitration shall be Mumbai.

The relevant courts of the city of Mumbai shall have jurisdiction over any matter arising out of this Agreement.

IN WITNESS WHEREOF the Parties have caused this Sponsorship Agreement to be executed the day and year first herein above written.

Cc: Lokesh Rayasandra Boregowda <lokesh.rb@samsung.com>, AJIT BOPARDIKAR <ajit.b@samsung.com>

Dear Prof Uma,

I have obtained the approval for the extension of the deadlines for the collaboration project as requested by you, from our SRIB management and legal team. All the clauses discussed and agreed as per the SoW remain the same, except for the fact that the last 2 deadlines have been changed as per your request to 9th May and 29th Jun 2018 (30th Jun is the last day of the collaboration project as the SoW expires on that day)

However, there is one requirement from the legal process here at SRIB. We need the soft copies of all the reports including the detailed latest report which you mailed us few weeks ago, as we need to submit these as part of the collaboration interactions. In case the word doc files are too huge, request you to mail us the PDF versions of the word documents.

Also Dr Aloknath De (and Balaji) may review the progress of the project for 30 min, when he is at your university on 27th APR 2018. Request you and team to be prepared to present the progress till date, and provide him the full overview of your core contributions versus our SoW.

Note - Mr Sarvesh from my team may also be visiting on the same day i.e., 27th APRIL 2018, along with Dr Aloknath De and myself.

I have copied Dr Ajit Bopardikar in this mail as he needs the PDF versions of the documents asap.

Regards,

Loki

Sender : Uma Mudengudi <uma@kletech.ac.in>**Date** : 2018-03-27 13:09 (GMT+5:30)**Title** : Re: Extension of date of the project

Dear Dr. Lokesh,

As discussed, please extend the date of the SRIB- KLE Tech project until 29th June 2018. The delay is due to the following.

1. SRIB team was not happy with the first set of data, captured in the campus.
2. To capture data outside campus with drone requires a number of permissions from the different local authorities. This delayed the start of the capture process.
3. The drone capture process very much depended on the wind and other obstacles at the site, which is taking more time to capture right kind of data set.

Hence I request the SRIB team to extend the date until 29th June 2018 with an intermediate deliverable on 9th May 2018.

Thanks and Regards

Uma
