Management Aptitude Test and Test Scores

- 1 The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- 2 MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- 3 All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- 4 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- 5 The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- 6 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
- 7 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- 8 All scores and percentile below figures are reported after rounding off to the nearest whole number.
- 9 Personal data is as reported by the candidate.

Dear prospective students in the international Master's programmes,

There are a lot of things to do before your Master's programme at TUHH starts in October 2020. This guideline will inform you about the important things you need to get done before your departure to Hamburg. If you have been admitted to the Joint Master's program in G-TIME you will get separate information by email.

1. ADMISSION LETTER

You can download your certificate of admission (approval document) from the application portal. You will need the certificate of admission to apply for the visa, for a bank loan and later on for the German health insurance. Please note that TUHH doesn't send hardcopies of the certificate of admission by post mail. You can find a confirmation concerning study and living expenses on page 2 of the admission letter.

2. CLARIFY MONEY-RELATED QUESTIONS (AS SOON AS POSSIBLE!)

Proof of Financial Resources

For your visa application (and also later on for your residence permit) you will need a proof of financial resources which shows that you can finance your studies and daily living costs in Germany. Students must prove that they have at least € 10.236 per year at their disposal. To get further information please contact the German embassy directly: <https://www.auswaertiges-amt.de/en/aussenpolitik/laenderinformationen>

Costs of Living and Semester Contribution

The costs of living in Hamburg are rather high. Students should count a minimum of €850 per month including accommodation, semester contribution and health insurance!

Each semester students have to pay a semester contribution of app. €335,-. A ticket for public transport (valid for 6 months throughout the public transportation network in Hamburg) is included within the semester contribution. New students will get the payment details after they have completed all the enrolment formalities. The semester contribution for the winter semester 2020/2021 is payable by October 31.

Especially at the beginning, students might be required to spend more than 850 Euros in a month (e.g. to pay a deposit when renting a room, for the semester contribution and the fees for your residence permit). It is therefore highly recommended to make sure that you have access to sufficient financial means.

3. APPLY FOR A STUDENT VISA (AS SOON AS POSSIBLE!)

International students need a student visa to enter Germany!

Students from the European Union (and some other countries) are exempted from this requirement. Visa application may take several months' time! To check if you need a student visa and to get further information about the visa application please check the website of the German Embassy in charge of your place or residence: <https://www.auswaertiges-amt.de/en/aussenpolitik/laenderinformationen>

Office hours:

Do not enter Germany with a tourist visa or national residence permit issued by a Schengen country! If you do so, you have to leave Germany after 90 days and after that you cannot re-enter the country!

4. APPLY FOR ACCOMMODATION (APPLICATION PERIOD: APRIL 27 – JUNE 15, 2020)

Students at German universities do not automatically receive dorm rooms when accepted by the university. They have to find accommodation by themselves! The accommodation situation for students is extremely difficult, as cheap accommodation is hard to find. It is very important to start the search for accommodation as soon as possible! You have to arrange accommodation prior to your arrival. Do not trust on finding accommodation after your arrival! The TUHH Accommodation Office can arrange a limited number of rooms in some of the halls of residence of the Studierendenwerk Hamburg. Please note, that there is a very high number of applications for these rooms every year. Therefore we recommend you to apply as early as possible!

Application period: April 27 – June 15, 2020

Contact: accommodation@tuhh.de

<https://www.tuhh.de/alt/tuhh/international/incoming-international-students/accommodation-office.html>

If you choose a private room, be careful when it comes to transferring deposits. Only pay the deposit when you have seen the accommodation, signed the rental contract and received the keys.

5. SUBMIT THE DECLARATION OF ACCEPTANCE (BY SEPTEMBER 1, 2020)

For organizational reasons we need to get a clear idea at an earlier date of how many students intend to join our programmes. Please submit the declaration of acceptance by September 1, 2020. To do so please use the appropriate feature in the online application portal. If you don't submit the declaration of acceptance we will delete your name from our mailing list, so that you will not receive any further information!

6. GERMAN LANGUAGE COURSE (REGISTRATION PERIOD: SEPTEMBER 15 – OCTOBER 1, 2020)

A basic knowledge of German will be very helpful for your everyday life in Hamburg. For that reason TUHH offers an optional intensive German language course before the start of the lecture period (app. October 19 – October 30, 2020). The course is free of charge. In September you can find further information about this course and the registration details on our website: <https://www.tuhh.de/alt/tuhh/education/degree-courses/international-study-programs/how-and-when-to-apply.html>

7. ENROLMENT (BY OCTOBER 14, 2020)

**The deadline of enrolment is October 14, 2020. It is not possible to extend this deadline!
All the documents listed below must reach TUHH by this date, the date of postmark is not sufficient!**

The following documents must be submitted for the act of enrolment:

1. Completed and signed enrolment form (You can download the enrolment form after you have completed the online-enrolment on the application portal. The online-enrolment will be activated at the end of August at the earliest.)
2. A copy of your passport
3. Officially certified copies of the university degree certificate(s) and German or English translations
4. Officially certified copies of the complete university transcript(s) of records (semester mark sheets) and German or English translations
5. A simple copy of your secondary school leaving certificate and a German or English translation
6. TOEFL or IELTS score report (original, if not yet directly sent by ETS or British Council) or equivalent. Please note that ETS needs several weeks to send the ordered score reports to the institutions. For that reason you should submit your own original of the score report for enrolment, just to be on the safe side.
7. A proof of valid German statutory health insurance ("Bescheinigung zur Einschreibung bei der Hochschule"). You can arrange the health insurance after your arrival in Hamburg. Students with a valid European Health Insurance Card (EHIC) are exempted from this requirement. International health insurances or travel health insurances cannot be accepted.
8. If previously been enrolled at a university in Germany: copy of the certificate of deregistration ["Exmatrikulationsbescheinigung"] of your previous university and the final transcript of records
9. Applicants from China or Vietnam must additionally submit an original APS-certificate of the "Akademische Prüfstelle" upon enrolment.

Certifications of all documents will be accepted only if performed by a notary public, by the institution that has issued the original documents or by the German embassy or consulate in your home country. Please note that the certification must be performed in English or German!

Unfortunately, it is not possible to submit the enrolment form with all required documents in person! Please put it in our letter box or send it by post mail! You will find the address on the enrolment form.

In September you can download the "Master's Guide" with more detailed information from our website. In this booklet you will get all the information you need to get a good start in Hamburg and at TUHH: <https://www.tuhh.de/alt/tuhh/education/degree-courses/international-study-programs/how-and-when-to-apply.html>.

Admission Letter for the Technology Management Master Program at the NIT

Dear Mrs. Revankar,

I am glad to inform you that we can offer you admission to the MBA program in Technology Management at the NIT Northern Institute of Technology Management for the 2020 intake. Enrolment into the MBA is upon condition that you present original issues of documents proving a total of 24 months of work experience between the end of your Bachelor's degree and the beginning of the Technology Management program (else you will be enrolled into the MA program).

For students with a German proficiency below the B2-level, the program will start on **October 5th, 2020 with an intensive German language course**. Further German classes will be offered during the first study year. Classes in Technology Management will begin in October (if there are changes due to the current corona pandemic we will keep you informed). For further information about the academic program and lectures, you may contact my colleague Mrs. Lydia Buchholz (lydia.buchholz@nithh.de).

The NIT program is tuition based with program costs of 1,750 EUR per module plus 2,500 EUR for the Master Thesis (amounting to 23,500 EUR for the 90 credit point program). Semester enrolment fees at Hamburg University of Technology (TUHH) for the first four semesters are included in the program costs. For more information on the program costs and payment modalities, please do not hesitate to contact my colleague Ms. Stefanie Brückel (stefanie.brueckel@nithh.de).

The NIT offers accommodation in the NIT building (on TUHH campus) to NIT students in a single apartment (furnished) with a rent of 350 EUR per month from mid-September on for a period of two years.

The NIT would want to honor your strong application by awarding **you a merit-based scholarship worth € 3,500 EUR**. The scholarship can only be used towards the tuition fee and will be deducted automatically from the program costs.

The NIT wants to honor your strong application by offering **you (in cooperation with the German Academic Exchange Service DAAD) a cost of living stipend of 250 EUR per month** for a period of one year which might be extended for another year (contingent on continued funding by the DAAD). NIT suggests this stipend to be used towards the cost of accommodation on campus provided by the NIT. The stipend is awarded upon condition that you do not receive the industrial scholarship or another stipend or scholarship designated to cover your cost of living or accommodation. You are not required to pay back the stipend.

Furthermore, in order to help you finance the remaining program costs, the NIT is willing to back your application for a student loan with "Sparkasse Harburg-Buxtehude" (Harburg-Buxtehude Savings Bank). Such a student loan would cover up to € 7,750 which you would use to partially finance the program costs. Please find information on the conditions of the loan and a sample loan contract in the attachments. The actual loan agreement will be finalized after your arrival in Hamburg. For further information about the NIT student loan, you may contact my colleague Ms. Stefanie Brueckel (stefanie.brueckel@nithh.de).

We would be delighted to welcome you as a member of NIT's Class 22 in Hamburg. In order to proceed with the enrolment process for the Double Degree, please fill out the Student Registration Form and return it via email to the NIT (admissions@nithh.de) before **June 30th, 2020**. If you were to accept the offer, we would reserve you a place in NIT's Class 22 and send you your academic contract with all further details.

Please do not hesitate to contact us in case you have any further questions.

Yours sincerely,

Wolfgang Höll

¹ The program offered to you, and any major/field of study specified, is offered subject to its availability for your chosen semester start date. Occasionally, it is necessary for the University to withdraw a program (or major) after an offer has been made and/or accepted. Where this is necessary, the University will meet its obligations under the Tuition Protection Service (TPS) by offering you a suitable alternative program, where one exists, or a full refund of any fees paid. In addition, there may be some circumstances under which your field of study and/or choice of courses may be restricted for other reasons (for eg if you are a citizen of a country under sanctions with the United Nations or the Australian Government).

² If you accept this offer, you are expected to be on campus and ready to commence your program, and to join the compulsory Orientation session, by the dates given above. Please refer to the Notes section below for further information about late starts and possible deferrals to a future semester.

³ If the commencement and/or completion date shown above are more than 1 year in advance of the date of this offer, please confirm the exact dates nearer the time either with the faculty for your program or by checking UQ's [Academic Calendar](#) for the year(s) concerned.

Accepting your Offer

You can go ahead and accept this offer.

You should accept this offer by **3 January 2021**. Please note that this acceptance date is not a strict deadline but is a date which allows sufficient time for us to process your acceptance and issue a Confirmation of Enrolment (CoE), if necessary. If you are unable to accept your offer by this date, please contact your Education Representative or Admissions Officer for advice. In addition, if you require a Student Visa, you should also factor in the time that it may take for your visa to be issued.

To accept your offer and reserve your place in the program, please log in to the UQ Student portal at apply.uq.edu.au and follow the instructions to accept (unless you are under 18 at the time you are due to commence your program, in which case please see 'Under 18' below). Once conditions of your offer, if any, have been met, an invoice will be generated when you accept providing you with further details, including how to pay.

If you are sponsored by a third party, you will be asked to provide a copy of your scholarship/sponsorship letter. Scholarship providers/sponsors will be invoiced directly according to the terms and conditions of the Financial Guarantee, and you will be liable for any amounts not covered by your sponsorship arrangement.

If you are unable to accept the offer for the semester indicated, and wish to be considered for a future semester instead, please refer to the Notes section below for information.

Transferring to another institution

If you accept your offer and obtain your Student Visa, and then wish to transfer to another institution in Australia within the first 6 calendar months after the commencement date of your principal program (or prior to that commencement), you must request to be released by UQ. A release is not guaranteed and is only given in exceptional circumstances as outlined in UQ's [Transfer of Provider Policy and Procedures](#).

Under 18

If you will be under 18 at the time you wish to accept this offer, you will need a parent or legal custodian (i.e. legal guardian) to accept the offer. For this reason, you will find an Acceptance document with this letter which should be completed and signed by your parent or legal guardian and then uploaded via the Student Portal as part of the acceptance process.

If you will still be under 18 at the time you are due to arrive in Australia to commence your UQ studies, you will either need a parent/legal custodian or suitable relative (approved by the Department of Home Affairs) living in Brisbane who will be responsible for your accommodation and welfare or you will need to apply for UQ's [International Student Supervision Program](#). For students accepted into the Supervision Program, UQ approves the accommodation, support and general welfare of students until they are 18 years old. Now that you have received a UQ offer, you may apply for the [Supervision Program](#) by completing the Supervision Program [online registration form](#) and uploading all [supporting documents](#), including the [Declaration Form](#). Once your registration details have been reviewed, UQ Student Services will email you to confirm the total Supervision Program fee payable, with instructions on how to make payment, and how your accommodation arrangements will be finalised.

Please note that, if you are applying for UQ's Supervision Program, you will only be able to accept your UQ offer and receive your Confirmation of Enrolment (CoE) and Confirmation of Appropriate Accommodation and Welfare (CAAW) when UQ Student Services has confirmed that you have been accepted into the Supervision Program and you have paid a deposit for your accommodation.

If you have a parent/legal custodian or suitable relative who will be responsible for you instead, please refer to the Guardian Form for International Students Under 18 Years of Age form which has also been sent to you with this offer. This form will need to be completed and returned before we will be able to issue a Confirmation of Enrolment (see below).

Guaranteed accommodation

The University offers guaranteed accommodation to individual students who will be over 18 years of age when taking up their place of residence, who will be studying in Brisbane for the first time as an international student at UQ's St Lucia or Herston campus (guaranteed accommodation is not available for students studying at Gatton campus), and who meet certain criteria. Students must have accepted their UQ offer. Full details on eligibility, closing dates, accommodation possibilities and how to apply are given in the [Guaranteed Accommodation](#) section of the UQ website.

Confirmation of a Place

Once the University is satisfied that all requirements have been met for you to take your place in the program, the University will issue you with: *either* an electronic Confirmation of Enrolment (CoE) if you require a Student Visa, *or* an acknowledgement of your acceptance if you already hold a substantive visa which enables you to study at UQ.

On receipt of the CoE, you may proceed to apply to the Department of Home Affairs for a Student Visa#.

Notes

Period of study and holiday breaks

The first page of this offer gives the commencement date of classes and completion date for your program. This period also includes holiday breaks. These are available from the [Academic Calendar](#) for each year.

Late starts

If you accept this offer, you are expected to be on campus and ready to commence your program, and to join the compulsory Orientation session, by the dates given in this offer letter. A later start is only possible in exceptional circumstances, and for some programs there can be no flexibility with start dates. Where a later start is permitted, this is usually only within the first week of classes. Late starts must be requested and confirmed by the University in advance.

Requests must be sent to iaslatearrivals@uq.edu.au by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Deferrals to a future semester

If you are unable to accept the offer for the semester indicated, or you have accepted your offer and are unable to commence in that semester, it may be possible for you to defer (on compassionate or compelling grounds). If you do not meet the grounds for a deferral, it may still be possible to offer you a place for your chosen program in a future semester. Deferrals are not possible for quota programs. Deferrals can only be considered for a program commencement within 12 months of your original start date.

To request a deferral, go to 'Make a Change' in the UQ Student Portal. Requests must be received by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Please note that a deferred or postponed commencement may result in a change of tuition fees payable.

OSHC

As an international student, it is a condition of your Student Visa that you have Overseas Student Health Cover (OSHC) for the duration of your Student Visa in Australia, unless one of the exceptions noted below applies to you. The University can assist you by arranging cover through its preferred provider [Allianz Global Assistance \('AGA'\)](#). The University will receive a fee from AGA for arranging the [Essentials policy cover](#) for you.

OSHC coverage, including out of hospital and in hospital medical services, are detailed in the policy document that you will receive.

If you choose another OSHC provider, you will need to provide evidence of payment when your acceptance and payment documents are returned to UQ. Please note that UQ can only accept proof of cover with an OSHC provider approved by the Australian government. These providers are - Allianz

Global Assistance, Australian Health Management, BUPA Australia, Medibank Private, and Nib OSHC. When choosing your OSHC provider, you are advised to compare the level of cover offered by each and consider whether it would cover your requirements both now and in the future, including, for example, cover for any pre-existing conditions.

Note – the following students do not need to take out OSHC:

- Belgian and Norwegian students, due to the agreements between the respective governments, and
- Swedish students whose insurance is provided by CSN International (the Swedish National Board of Student Aid) or Kammarkollegiet (the Swedish Legal, Financial and Administration Agency).

Complaints and appeals

The University provides a grievance resolution process, outlined in Policy [3.60.02 Student Grievance Resolution](#), so that students have an avenue through which to express a grievance (complaint) and have their grievance considered by the relevant University decision-maker. If a student is dissatisfied with the decision about their grievance, they have the opportunity to appeal that decision to the relevant appeal body (see the Decision-maker Tables, Section 9 of the Procedures, [3.60.02](#)).

Where all avenues for escalation or appeal listed in Section 9 of the Procedures have been exhausted, without reaching what the student considers to be a satisfactory outcome, the student may then take the matter to the [Queensland Ombudsman](#).

Your contact details

Note that you are required to provide UQ with your residential address, mobile number, email address and emergency contacts, and advise of any changes to these within 7 days of the change.

#Student Visa applications

All applications for a Student Visa (subclass 500) must be lodged online via the [Department of Home Affairs' ImmiAccount](#). For your visa application to be processed, your application must be complete when lodged and must include a [Genuine Temporary Entrant statement](#), which is compulsory for all visa applications. For information about other documents that you will need to provide to the Department of Home Affairs, go to the Department of Home Affairs's [Document Checklist Tool](#). Please note that you may be required to provide financial statements to the Department of Home Affairs as evidence that you have access to sufficient funds for your studies in Australia.

Notice on Fees

Annual review and indexation of fees

Fees are subject to annual review and the University reserves the right to vary the fees charged to a student during their enrolment.

Program-based tuition fees

Tuition fees for coursework programs are program-based. Program-based tuition fees means all courses you undertake in your program are charged at the same tuition fee rate, in a given academic year.

Program-based fees are subject to annual review and indexation.

More information about tuition fees is available on the University's *Future Students* website under ['Applying'](#).

Indicative annual tuition fee

The indicative annual tuition fee in your offer letter is based on a standard full-time study load (usually 16 units; 8 units for a Graduate Certificate) for the year of commencement.

Tuition fees for less than a standard full-time study load for the year will be lower and fees will be higher if you study more than the standard load.

Indicative total program tuition fee

The indicative total program tuition fee in your offer letter is based on the tuition fee rate for the commencement year and an estimated 6% increase in fees for each subsequent year of study. The fee is calculated using the earliest available commencement semester in the commencement year and the normal program duration.

Your actual total program tuition fee may be lower if:

- the annual increase for a given year is less than 6%; or
- you receive credit towards your program.

Your actual total program tuition fee may be higher if:

- The annual increase in fees for a given year is more than the estimate (based on 6%);
- You commence the program in a later semester (where the indicative fee was based on a Semester 1 commencement);
- You take longer than the normal duration to complete your program.

The total tuition fee quoted on a Confirmation of Enrolment (CoE) used for a student visa application may be different from the total program tuition fee quoted in your offer. The fee quoted in a CoE may be the estimated total tuition fee for commencement in a different year.

Where fees vary, use the indicative total tuition fee quoted in this offer as a guide. Check your program details on the [UQ Future Students Website](#) for up to date information.

Student Services and Amenities Fee (SSAF)

UQ charges a capped annual [Student Services and Amenities Fee \(SSAF\)](#). This fee is set by the Australian government and is indexed annually.

Other administrative charges and additional costs

You will incur additional costs if your chosen program(s) and/or courses have additional requirements such as field trips, immunisations, first aid certificates, etc and these are clearly outlined in the program details on the [UQ Future Students Website](#).

- For goods or services that are not essential to your course or program; and
- For alternative forms of access to essential services normally provided free of charge; and
- As penalties if you fail to complete administrative actions by the relevant due dates.

Circumstances and amounts payable are published in the University's [Fee Schedules for all students](#) and are subject to review.

Note - the application fee is non-refundable.

Payment priority

Payments will be applied to any outstanding debt from a previous study period first.

Payment of fees

Your deposit may not fully cover your tuition fees for your first study period of enrolment and you will be required to pay any balance of fees (plus the SSAF) by the fees due date (see Fees Due Dates section below). You may choose to pay more than the tuition deposit amount specified in the offer letter, but you are not required to do so. The University cannot accept payment of more than the indicative total program tuition fee. Once you enrol, UQ's student information system (mySI-net) will automatically calculate your fees each study period.

Fees due dates

Fees for each study period are payable at the start of the study period. See due dates on [my.UQ](#) for more information.

Your enrolment in a study period is not confirmed until all fees have been paid. Payment after the fees due date may result in the application of an administrative charge for late payment. Further, if all fees are not paid by the census date, your enrolment may be cancelled.

Refunds

Please refer to the enclosed '[Student Refunds - Procedures](#)' document, which is also available in UQ's Policy and Procedures library [here](#). A Refund Summary is included below for your reference. However, please note the Student Refunds – Procedures sets out the University's policy and procedures on refunds in detail and you should read and understand it. If there is any inconsistency between the summary below and the Student Refunds – Procedures, the Student Refunds – Procedure will apply.

Refunds summary

- Tuition fee liability is incurred at midnight on the census date for each study period in which you are enrolled. Amounts paid which have not been applied to a liability remain as credit in your UQ Account.
- You may request a refund of an amount in credit on your UQ account, except where the amount in credit is a deposit to be applied towards the tuition fee for your first study period of enrolment in a program and you have not withdrawn from the program.
- Amounts paid to the University for a given study period by you or on your behalf may be used to settle your previously incurred debts to the University, which may reduce the amount available for refund.
- Where you have accepted a place in a program and you withdraw or your enrolment is cancelled prior to the end of the census date of the first study period of enrolment in the program, a full refund is payable less a charge for cancellation of enrolment as outlined in Table 1 (below).

- If you withdraw from a program before the end of the census date you will be entitled to a full refund, after application of any relevant administrative charges.
- If you are enrolled after the census date, you are not entitled to a refund of tuition fees except in special circumstances outlined in the enclosed 'Student Refunds - Procedures'.
- If the University is unable to deliver a coursework program in full it is considered a University default and you will be offered:
 - a. A full refund of all tuition fees paid for the study period in which the University default occurs and any tuition fees paid in advance for future study periods in the program; or
 - b. Enrolment in another program by the University; or
 - c. In the unlikely event the University is unable to provide a full refund or enrolment in another program, the Tuition Protection Service will assist you to find an alternative program or to obtain a refund if a suitable alternative program is not found.
- To apply for a refund you must submit an online student fee refund request via my.UQ. If you have paid a deposit to accept an offer of a place at UQ but cannot access my.UQ you will be provided with a refund form which you may submit to applicationstatus@uq.edu.au.
- Refunds will be processed within 28 days of the University's receipt of your duly completed refund request; or where the University defaults, within 14 days of receipt of your duly completed refund request.
- Refunds, where possible, are made to the original payment source, with some exceptions; these are detailed in the enclosed 'Student Refunds – Procedures'. Note, circumstances where a person other than you may receive a refund include:
 - Where an amount is paid under a University administered scholarship, third party contract (TPC) or loan arrangement, under the terms of which you are not eligible for a refund.
 - Where payment was made by someone else on your behalf.
 - Where payment was made via an authorised UQ agent. However, in this case you may specify an alternative account for refund remittance in your refund application.
- Refunds will be made in Australian dollars with the exception of UQ-Ochsner tuition fees which will be refunded in USD.
- Any amount in credit in your UQ student account for more than 15 months will be transferred to a University fund to support students, unless you apply for a refund in a timely manner or have approval to defer your offer.

STUDENT REFUNDS - PROCEDURES

1.0 Purpose and Scope

This procedure outlines The University of Queensland's (UQ's) arrangements for assessing and processing student refunds and applies to all prospective, current and former UQ students.

1.1 Exclusions

The following types of refund are not covered by this procedure:

- Overseas Student Health Cover (OSHC) – international students should consult their OSHC provider about refund provisions.
- Course or program related [incidental fees](#) – students apply directly to the relevant school or faculty.
- Removal of [financial liability](#) after the census date due to special circumstances.

2.0 Process and Key Controls

To process a refund request a student must have an amount in credit in their UQ student account.

Eligible students must apply in accordance with this procedure for a refund to be considered and processed by UQ.

The [Student Fees](#) team within the Academic Services Division has primary responsibility for managing the student fees function at UQ, including processing and authorising refunds.

Students have a right to seek a review of a refund decision in accordance with section 2.6 of this procedure.

2.1 Eligibility

Prior to applying for a refund, students must consider the following eligibility requirements:

2.1.1 Refunds before census date

A student who withdraws from a course before the census date will be eligible for a full refund of the tuition fee paid for the course.

Where a student withdraws from a program by the census date a full refund of tuition fees for the study period is payable, unless the student is a commencing international student.

Where a commencing international student (or a commencing international student granted Australian permanent residency or NZ citizenship in the first study period of enrolment in a program) withdraws from their program or their enrolment in the program is cancelled, before the end of the census date of the first study period of enrolment, a full refund is payable less an administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#).

2.1.2 Refunds after census date

Where a student is enrolled in study period after the census date, a tuition fee paid for the study period is not refundable, unless:

- The student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of](#)

[Financial Liability Due to Special Circumstances](#); or

A student services and amenities fee (SSAF) is not refundable after the relevant [SSAF payment date](#).

2.1.3 Refusal of enrolment

A full refund is not payable if the University cancels a student's enrolment in the following circumstances:

- a. The University withdraws an international student's offer of a place or cancels an international student's enrolment in the first study period due to the provision of incorrect or incomplete information in an application for admission. In this case the administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#) will be applied.
- b. The University cancels a student's enrolment or suspends or expels a student from the University under PPL 3.60.04 Student Integrity and Misconduct. In this case no fees paid by the student relating to the period are refundable.

2.1.4 Refunds of financial aid

Where a student's fees are paid by Financial Aid, the amount payable as a refund is calculated in accordance with US Federal William D. Ford Direct Loan Program guidelines.

- Where a student drops all course enrolments in a study period, having completed 60% or less of the study period, the unearned portion of funds provided for study purposes is repaid to the financial institution administering the US Government loan; or
- Where a student withdraws from all course enrolments in a study period, having completed 61% or more of the study period, no refund will be directly payable to a student; unless the student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of Financial Liability Due to Special Circumstances](#) or the student withdraws as a result of a student visa refusal.

2.2 Applications for refunds

Students applying for a refund must submit an online student fee refund request via [my.UQ](#).

Where a student cannot access my.UQ a completed Student Fees Refund Request form may be submitted to fees@uq.edu.au with verifiable proof of identity. A prospective international student who has paid a deposit to accept an offer of a place at UQ may submit the form to applicationstatus@uq.edu.au.

A commencing international student wishing to withdraw completely from a program in the first study period of enrolment must complete an Application to Withdraw before applying for a refund.

UQ will process refund requests within 28 calendar days of receiving a valid student refund request application, or within 14 calendar days in the case of University default where a refund request is received from an international student.

If information required from a student to process a refund request is not complete or correct, the processing timeframe will commence once the required information is received by Student Fees and Scholarships.

Refund request notifications to students will be sent to:

- The student's my.UQ Dashboard Notifications; or
- The student's UQ email address, where a PDF refund request is received; or
- The email address provided with a student's application to enrol, where an international student does not have a UQ Account.

2.3 Remittance of refunds

2.3.1 Currency

Refunds will be made in Australian dollars, with the exception of tuition fees for the UQ-Ochsner program which will be made in US dollars.

2.3.2 Refunds to payment source

- Where payment was made via an authorised UQ agent.

2.3.3 Refunds to another account

In the following circumstances, refunds may be made to another account:

- Payments made by Australian credit card more than twelve months prior to the refund may be refunded to a bank account specified by the student.
- Where a student can provide documentary evidence from the payor's bank/card provider proving the originating account is closed, refunds can be made to a bank account specified by the student.
- For payments made by BPay or bank transfer, refunds can be paid into a bank account specified by the student. (Flywire may require proof of original payment transaction and bank account details).
- Where payment is made via an authorised UQ agent, the student may specify a different account for payment of a refund in the refund request.
- For circumstances not covered by these procedures, the student may apply in writing to the Academic Registrar to have a refund remitted to a different account.

2.4 Uncollected funds

An amount in credit on a student's account which has been inactive for a period of 15 months is considered uncollected funds.

Students with uncollected funds will be contacted by the University, unless there are no contact details recorded in mySI-net or the amount of uncollected funds is less than \$56.

If the student does not apply for a refund or contact Student Fees and Scholarships within 30 days of the date the University notifies the student of uncollected funds, the student agrees that the uncollected funds are transferred to a University fund to support students in hardship.

Uncollected funds which have been transferred to a University fund to support students in hardship will not be refunded except in exceptional circumstances as determined by the Director, Student Administration.

2.5 University default – International Students

2.5.1 Refunds where a program cannot be delivered

If the University is unable to deliver a coursework program in full it is considered a University default and a student will be offered:

- A full refund of all tuition fees paid for the study period in which the default occurs and any tuition fees paid in advance for future study periods in the program; or
- The student may be offered enrolment in another program by the University.

If the University is unable to deliver suitable advisory support to a Higher Degree by Research student, the student will be offered a full refund of tuition fees paid for the research quarter in which the default occurs and any tuition fees paid in advance for future study periods of the program.

Tuition fees paid for earlier study periods will not be refunded, except where a student is granted removal of financial liability for those study periods.

In accordance with the ESOS Act if the University is unable to deliver a program to an international student, the University is considered to be in default. In these cases, in the unlikely event the University is unable to offer the student an alternative program that the student accepts or pay the student a refund of the student's unspent prepaid tuition fees, the Tuition Protection Service (TPS) will assist the student to find an alternative course of study or to get a refund, if a suitable alternative is not found.

2.5.2 Refunds where there is no compliant written agreement

Where an international student withdraws from their program or their enrolment is cancelled but there is no compliant written agreement between the University and the student which sets out the refund arrangements that will apply in those circumstances, the University will refund all tuition fees paid for the study period in which the student is withdrawn or cancelled.

2.6 Appeals

In accordance with the provisions of the University's [Student Grievance Resolution Policy](#):

- A student may seek a review of a refund decision by writing to the Academic Registrar.
- An international student can apply in writing to the Academic Registrar to request a variation of a charge for cancellation of enrolment.

Requests for the refund of uncollected funds which have been transferred to a University fund to support students in hardship will be considered on a case by case basis and are to be submitted in writing to the Director, Student Administration.

3.0 Key Requirements

Refunds applications must be made before uncollected funds are transferred to a University fund to support students.

Students must supply supporting documentation requested by the University:

- i. Where a refund is not able to be made to the originating source;
- ii. Where information is incomplete or incorrect;
- iii. To verify the student as the refund initiator.

¹ The program offered to you, and any major/field of study specified, is offered subject to its availability for your chosen semester start date. Occasionally, it is necessary for the University to withdraw a program (or major) after an offer has been made and/or accepted. Where this is necessary, the University will meet its obligations under the Tuition Protection Service (TPS) by offering you a suitable alternative program, where one exists, or a full refund of any fees paid. In addition, there may be some circumstances under which your field of study and/or choice of courses may be restricted for other reasons (for eg if you are a citizen of a country under sanctions with the United Nations or the Australian Government).

² If you accept this offer, you are expected to be on campus and ready to commence your program, and to join the compulsory Orientation session, by the dates given above. Please refer to the Notes section below for further information about late starts and possible deferrals to a future semester.

³ If the commencement and/or completion date shown above are more than 1 year in advance of the date of this offer, please confirm the exact dates nearer the time either with the faculty for your program or by checking UQ's [Academic Calendar](#) for the year(s) concerned.

Accepting your Offer

You can go ahead and accept this offer.

You should accept this offer by **3 January 2021**. Please note that this acceptance date is not a strict deadline but is a date which allows sufficient time for us to process your acceptance and issue a Confirmation of Enrolment (CoE), if necessary. If you are unable to accept your offer by this date, please contact your Education Representative or Admissions Officer for advice. In addition, if you require a Student Visa, you should also factor in the time that it may take for your visa to be issued.

To accept your offer and reserve your place in the program, please log in to the UQ Student portal at apply.uq.edu.au and follow the instructions to accept (unless you are under 18 at the time you are due to commence your program, in which case please see 'Under 18' below). Once conditions of your offer, if any, have been met, an invoice will be generated when you accept providing you with further details, including how to pay.

If you are sponsored by a third party, you will be asked to provide a copy of your scholarship/sponsorship letter. Scholarship providers/sponsors will be invoiced directly according to the terms and conditions of the Financial Guarantee, and you will be liable for any amounts not covered by your sponsorship arrangement.

If you are unable to accept the offer for the semester indicated, and wish to be considered for a future semester instead, please refer to the Notes section below for information.

Transferring to another institution

If you accept your offer and obtain your Student Visa, and then wish to transfer to another institution in Australia within the first 6 calendar months after the commencement date of your principal program (or prior to that commencement), you must request to be released by UQ. A release is not guaranteed and is only given in exceptional circumstances as outlined in UQ's [Transfer of Provider Policy and Procedures](#).

Under 18

If you will be under 18 at the time you wish to accept this offer, you will need a parent or legal custodian (i.e. legal guardian) to accept the offer. For this reason, you will find an Acceptance document with this letter which should be completed and signed by your parent or legal guardian and then uploaded via the Student Portal as part of the acceptance process.

If you will still be under 18 at the time you are due to arrive in Australia to commence your UQ studies, you will either need a parent/legal custodian or suitable relative (approved by the Department of Home Affairs) living in Brisbane who will be responsible for your accommodation and welfare or you will need to apply for UQ's [International Student Supervision Program](#). For students accepted into the Supervision Program, UQ approves the accommodation, support and general welfare of students until they are 18 years old. Now that you have received a UQ offer, you may apply for the [Supervision Program](#) by completing the Supervision Program [online registration form](#) and uploading all [supporting documents](#), including the [Declaration Form](#). Once your registration details have been reviewed, UQ Student Services will email you to confirm the total Supervision Program fee payable, with instructions on how to make payment, and how your accommodation arrangements will be finalised.

Please note that, if you are applying for UQ's Supervision Program, you will only be able to accept your UQ offer and receive your Confirmation of Enrolment (CoE) and Confirmation of Appropriate Accommodation and Welfare (CAAW) when UQ Student Services has confirmed that you have been accepted into the Supervision Program and you have paid a deposit for your accommodation.

If you have a parent/legal custodian or suitable relative who will be responsible for you instead, please refer to the Guardian Form for International Students Under 18 Years of Age form which has also been sent to you with this offer. This form will need to be completed and returned before we will be able to issue a Confirmation of Enrolment (see below).

Guaranteed accommodation

The University offers guaranteed accommodation to individual students who will be over 18 years of age when taking up their place of residence, who will be studying in Brisbane for the first time as an international student at UQ's St Lucia or Herston campus (guaranteed accommodation is not available for students studying at Gatton campus), and who meet certain criteria. Students must have accepted their UQ offer. Full details on eligibility, closing dates, accommodation possibilities and how to apply are given in the [Guaranteed Accommodation](#) section of the UQ website.

Confirmation of a Place

Once the University is satisfied that all requirements have been met for you to take your place in the program, the University will issue you with: *either* an electronic Confirmation of Enrolment (CoE) if you require a Student Visa, *or* an acknowledgement of your acceptance if you already hold a substantive visa which enables you to study at UQ.

On receipt of the CoE, you may proceed to apply to the Department of Home Affairs for a Student Visa#.

Notes

Period of study and holiday breaks

The first page of this offer gives the commencement date of classes and completion date for your program. This period also includes holiday breaks. These are available from the [Academic Calendar](#) for each year.

Late starts

If you accept this offer, you are expected to be on campus and ready to commence your program, and to join the compulsory Orientation session, by the dates given in this offer letter. A later start is only possible in exceptional circumstances, and for some programs there can be no flexibility with start dates. Where a later start is permitted, this is usually only within the first week of classes. Late starts must be requested and confirmed by the University in advance.

Requests must be sent to iaslatearrivals@uq.edu.au by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Deferrals to a future semester

If you are unable to accept the offer for the semester indicated, or you have accepted your offer and are unable to commence in that semester, it may be possible for you to defer (on compassionate or compelling grounds). If you do not meet the grounds for a deferral, it may still be possible to offer you a place for your chosen program in a future semester. Deferrals are not possible for quota programs. Deferrals can only be considered for a program commencement within 12 months of your original start date.

To request a deferral, go to 'Make a Change' in the UQ Student Portal. Requests must be received by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Please note that a deferred or postponed commencement may result in a change of tuition fees payable.

OSHC

As an international student, it is a condition of your Student Visa that you have Overseas Student Health Cover (OSHC) for the duration of your Student Visa in Australia, unless one of the exceptions noted below applies to you. The University can assist you by arranging cover through its preferred provider [Allianz Global Assistance \('AGA'\)](#). The University will receive a fee from AGA for arranging the [Essentials policy cover](#) for you.

OSHC coverage, including out of hospital and in hospital medical services, are detailed in the policy document that you will receive.

If you choose another OSHC provider, you will need to provide evidence of payment when your acceptance and payment documents are returned to UQ. Please note that UQ can only accept proof of cover with an OSHC provider approved by the Australian government. These providers are - Allianz

Global Assistance, Australian Health Management, BUPA Australia, Medibank Private, and Nib OSHC. When choosing your OSHC provider, you are advised to compare the level of cover offered by each and consider whether it would cover your requirements both now and in the future, including, for example, cover for any pre-existing conditions.

Note – the following students do not need to take out OSHC:

- Belgian and Norwegian students, due to the agreements between the respective governments, and
- Swedish students whose insurance is provided by CSN International (the Swedish National Board of Student Aid) or Kammarkollegiet (the Swedish Legal, Financial and Administration Agency).

Complaints and appeals

The University provides a grievance resolution process, outlined in Policy [3.60.02 Student Grievance Resolution](#), so that students have an avenue through which to express a grievance (complaint) and have their grievance considered by the relevant University decision-maker. If a student is dissatisfied with the decision about their grievance, they have the opportunity to appeal that decision to the relevant appeal body (see the Decision-maker Tables, Section 9 of the Procedures, [3.60.02](#)).

Where all avenues for escalation or appeal listed in Section 9 of the Procedures have been exhausted, without reaching what the student considers to be a satisfactory outcome, the student may then take the matter to the [Queensland Ombudsman](#).

Your contact details

Note that you are required to provide UQ with your residential address, mobile number, email address and emergency contacts, and advise of any changes to these within 7 days of the change.

#Student Visa applications

All applications for a Student Visa (subclass 500) must be lodged online via the [Department of Home Affairs' ImmiAccount](#). For your visa application to be processed, your application must be complete when lodged and must include a [Genuine Temporary Entrant statement](#), which is compulsory for all visa applications. For information about other documents that you will need to provide to the Department of Home Affairs, go to the Department of Home Affairs's [Document Checklist Tool](#). Please note that you may be required to provide financial statements to the Department of Home Affairs as evidence that you have access to sufficient funds for your studies in Australia.

Notice on Fees

Annual review and indexation of fees

Fees are subject to annual review and the University reserves the right to vary the fees charged to a student during their enrolment.

Program-based tuition fees

Tuition fees for coursework programs are program-based. Program-based tuition fees means all courses you undertake in your program are charged at the same tuition fee rate, in a given academic year.

Program-based fees are subject to annual review and indexation.

More information about tuition fees is available on the University's *Future Students* website under '[Applying](#)'.

Indicative annual tuition fee

The indicative annual tuition fee in your offer letter is based on a standard full-time study load (usually 16 units; 8 units for a Graduate Certificate) for the year of commencement.

Tuition fees for less than a standard full-time study load for the year will be lower and fees will be higher if you study more than the standard load.

Indicative total program tuition fee

The indicative total program tuition fee in your offer letter is based on the tuition fee rate for the commencement year and an estimated 6% increase in fees for each subsequent year of study. The fee is calculated using the earliest available commencement semester in the commencement year and the normal program duration.

Your actual total program tuition fee may be lower if:

- the annual increase for a given year is less than 6%; or
- you receive credit towards your program.

Your actual total program tuition fee may be higher if:

- The annual increase in fees for a given year is more than the estimate (based on 6%);
- You commence the program in a later semester (where the indicative fee was based on a Semester 1 commencement);
- You take longer than the normal duration to complete your program.

The total tuition fee quoted on a Confirmation of Enrolment (CoE) used for a student visa application may be different from the total program tuition fee quoted in your offer. The fee quoted in a CoE may be the estimated total tuition fee for commencement in a different year.

Where fees vary, use the indicative total tuition fee quoted in this offer as a guide. Check your program details on the [UQ Future Students Website](#) for up to date information.

Student Services and Amenities Fee (SSAF)

UQ charges a capped annual [Student Services and Amenities Fee \(SSAF\)](#). This fee is set by the Australian government and is indexed annually.

Other administrative charges and additional costs

You will incur additional costs if your chosen program(s) and/or courses have additional requirements such as field trips, immunisations, first aid certificates, etc and these are clearly outlined in the program details on the [UQ Future Students Website](#).

Please be aware that other administrative charges may apply:

- For goods or services that are not essential to your course or program; and
- For alternative forms of access to essential services normally provided free of charge; and
- As penalties if you fail to complete administrative actions by the relevant due dates.

Circumstances and amounts payable are published in the University's [Fee Schedules for all students](#) and are subject to review.

Note - the application fee is non-refundable.

Payment priority

Payments will be applied to any outstanding debt from a previous study period first.

Payment of fees

Your deposit may not fully cover your tuition fees for your first study period of enrolment and you will be required to pay any balance of fees (plus the SSAF) by the fees due date (see Fees Due Dates section below). You may choose to pay more than the tuition deposit amount specified in the offer letter, but you are not required to do so. The University cannot accept payment of more than the indicative total program tuition fee. Once you enrol, UQ's student information system (mySI-net) will automatically calculate your fees each study period.

Fees due dates

Fees for each study period are payable at the start of the study period. See due dates on [my.UQ](#) for more information.

Your enrolment in a study period is not confirmed until all fees have been paid. Payment after the fees due date may result in the application of an administrative charge for late payment. Further, if all fees are not paid by the census date, your enrolment may be cancelled.

Refunds

Please refer to the enclosed '[Student Refunds - Procedures](#)' document, which is also available in UQ's Policy and Procedures library [here](#). A Refund Summary is included below for your reference. However, please note the Student Refunds – Procedures sets out the University's policy and procedures on refunds in detail and you should read and understand it. If there is any inconsistency between the summary below and the Student Refunds – Procedures, the Student Refunds – Procedure will apply.

Refunds summary

- Tuition fee liability is incurred at midnight on the census date for each study period in which you are enrolled. Amounts paid which have not been applied to a liability remain as credit in your UQ Account.
- You may request a refund of an amount in credit on your UQ account, except where the amount in credit is a deposit to be applied towards the tuition fee for your first study period of enrolment in a program and you have not withdrawn from the program.
- Amounts paid to the University for a given study period by you or on your behalf may be used to settle your previously incurred debts to the University, which may reduce the amount available for refund.
- Where you have accepted a place in a program and you withdraw or your enrolment is cancelled prior to the end of the census date of the first study period of enrolment in the program, a full refund is payable less a charge for cancellation of enrolment as outlined in Table 1 (below).

- If you withdraw from a program before the end of the census date you will be entitled to a full refund, after application of any relevant administrative charges.
- If you are enrolled after the census date, you are not entitled to a refund of tuition fees except in special circumstances outlined in the enclosed 'Student Refunds - Procedures'.
- If the University is unable to deliver a coursework program in full it is considered a University default and you will be offered:
 - a. A full refund of all tuition fees paid for the study period in which the University default occurs and any tuition fees paid in advance for future study periods in the program; or
 - b. Enrolment in another program by the University; or
 - c. In the unlikely event the University is unable to provide a full refund or enrolment in another program, the Tuition Protection Service will assist you to find an alternative program or to obtain a refund if a suitable alternative program is not found.
- To apply for a refund you must submit an online student fee refund request via [my.UQ](#). If you have paid a deposit to accept an offer of a place at UQ but cannot access my.UQ you will be provided with a refund form which you may submit to applicationstatus@uq.edu.au.
- Refunds will be processed within 28 days of the University's receipt of your duly completed refund request; or where the University defaults, within 14 days of receipt of your duly completed refund request.
- Refunds, where possible, are made to the original payment source, with some exceptions; these are detailed in the enclosed 'Student Refunds – Procedures'. Note, circumstances where a person other than you may receive a refund include:
 - Where an amount is paid under a University administered scholarship, third party contract (TPC) or loan arrangement, under the terms of which you are not eligible for a refund.
 - Where payment was made by someone else on your behalf.
 - Where payment was made via an authorised UQ agent. However, in this case you may specify an alternative account for refund remittance in your refund application.
- Refunds will be made in Australian dollars with the exception of UQ-Ochsner tuition fees which will be refunded in USD.
- Any amount in credit in your UQ student account for more than 15 months will be transferred to a University fund to support students, unless you apply for a refund in a timely manner or have approval to defer your offer.

STUDENT REFUNDS - PROCEDURES

1.0 Purpose and Scope

This procedure outlines The University of Queensland's (UQ's) arrangements for assessing and processing student refunds and applies to all prospective, current and former UQ students.

1.1 Exclusions

The following types of refund are not covered by this procedure:

- Overseas Student Health Cover (OSHC) – international students should consult their OSHC provider about refund provisions.
- Course or program related [incidental fees](#) – students apply directly to the relevant school or faculty.
- Removal of [financial liability](#) after the census date due to special circumstances.

2.0 Process and Key Controls

To process a refund request a student must have an amount in credit in their UQ student account.

Eligible students must apply in accordance with this procedure for a refund to be considered and processed by UQ.

The [Student Fees](#) team within the Academic Services Division has primary responsibility for managing the student fees function at UQ, including processing and authorising refunds.

Students have a right to seek a review of a refund decision in accordance with section 2.6 of this procedure.

2.1 Eligibility

Prior to applying for a refund, students must consider the following eligibility requirements:

2.1.1 Refunds before census date

A student who withdraws from a course before the census date will be eligible for a full refund of the tuition fee paid for the course.

Where a student withdraws from a program by the census date a full refund of tuition fees for the study period is payable, unless the student is a commencing international student.

Where a commencing international student (or a commencing international student granted Australian permanent residency or NZ citizenship in the first study period of enrolment in a program) withdraws from their program or their enrolment in the program is cancelled, before the end of the census date of the first study period of enrolment, a full refund is payable less an administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#).

2.1.2 Refunds after census date

Where a student is enrolled in study period after the census date, a tuition fee paid for the study period is not refundable, unless:

- The student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of](#)

[Financial Liability Due to Special Circumstances](#); or

- The student's provisional enrolment is cancelled following refusal of enrolment in that study period for unsatisfactory academic progress (show cause); or
- The student's provisional enrolment in the study period is cancelled due to non-payment of fees by the study period's census date; or
- The student is an international student who is unable to continue study in the study period due to student visa refusal.

A student services and amenities fee (SSAF) is not refundable after the relevant [SSAF payment date](#).

2.1.3 Refusal of enrolment

A full refund is not payable if the University cancels a student's enrolment in the following circumstances:

- a. The University withdraws an international student's offer of a place or cancels an international student's enrolment in the first study period due to the provision of incorrect or incomplete information in an application for admission. In this case the administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#) will be applied.
- b. The University cancels a student's enrolment or suspends or expels a student from the University under PPL 3.60.04 Student Integrity and Misconduct. In this case no fees paid by the student relating to the period are refundable.

2.1.4 Refunds of financial aid

Where a student's fees are paid by Financial Aid, the amount payable as a refund is calculated in accordance with US Federal William D. Ford Direct Loan Program guidelines.

- Where a student drops all course enrolments in a study period, having completed 60% or less of the study period, the unearned portion of funds provided for study purposes is repaid to the financial institution administering the US Government loan; or
- Where a student withdraws from all course enrolments in a study period, having completed 61% or more of the study period, no refund will be directly payable to a student; unless the student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of Financial Liability Due to Special Circumstances](#) or the student withdraws as a result of a student visa refusal.

2.2 Applications for refunds

Students applying for a refund must submit an online student fee refund request via [my.UQ](#).

Where a student cannot access my.UQ a completed Student Fees Refund Request form may be submitted to fees@uq.edu.au with verifiable proof of identity. A prospective international student who has paid a deposit to accept an offer of a place at UQ may submit the form to applicationstatus@uq.edu.au.

A commencing international student wishing to withdraw completely from a program in the first study period of enrolment must complete an Application to Withdraw before applying for a refund.

UQ will process refund requests within 28 calendar days of receiving a valid student refund request application, or within 14 calendar days in the case of University default where a refund request is received from an international student.

If information required from a student to process a refund request is not complete or correct, the processing timeframe will commence once the required information is received by Student Fees and Scholarships.

Refund request notifications to students will be sent to:

- The student's my.UQ Dashboard Notifications; or
- The student's UQ email address, where a PDF refund request is received; or
- The email address provided with a student's application to enrol, where an international student does not have a UQ Account.

2.3 Remittance of refunds

2.3.1 Currency

Refunds will be made in Australian dollars, with the exception of tuition fees for the UQ-Ochsner program which will be made in US dollars.

2.3.2 Refunds to payment source

Refunds are generally made to the original payment source, including:

- Where an amount is paid under a University administered scholarship, third party contract (TPC) or loan arrangement, under the terms of which you are not eligible for a refund.
- Where payment was made by someone else on your behalf.
- Where payment was made via an authorised UQ agent.

2.3.3 Refunds to another account

In the following circumstances, refunds may be made to another account:

- Payments made by Australian credit card more than twelve months prior to the refund may be refunded to a bank account specified by the student.
- Where a student can provide documentary evidence from the payor's bank/card provider proving the originating account is closed, refunds can be made to a bank account specified by the student.
- For payments made by BPay or bank transfer, refunds can be paid into a bank account specified by the student. (Flywire may require proof of original payment transaction and bank account details).
- Where payment is made via an authorised UQ agent, the student may specify a different account for payment of a refund in the refund request.
- For circumstances not covered by these procedures, the student may apply in writing to the Academic Registrar to have a refund remitted to a different account.

2.4 Uncollected funds

An amount in credit on a student's account which has been inactive for a period of 15 months is considered uncollected funds.

Students with uncollected funds will be contacted by the University, unless there are no contact details recorded in mySI-net or the amount of uncollected funds is less than \$56.

If the student does not apply for a refund or contact Student Fees and Scholarships within 30 days of the date the University notifies the student of uncollected funds, the student agrees that the uncollected funds are transferred to a University fund to support students in hardship.

Uncollected funds which have been transferred to a University fund to support students in hardship will not be refunded except in exceptional circumstances as determined by the Director, Student Administration.

2.5 University default – International Students

2.5.1 Refunds where a program cannot be delivered

- The student may be offered enrolment in another program by the University.

If the University is unable to deliver suitable advisory support to a Higher Degree by Research student, the student will be offered a full refund of tuition fees paid for the research quarter in which the default occurs and any tuition fees paid in advance for future study periods of the program.

Tuition fees paid for earlier study periods will not be refunded, except where a student is granted removal of financial liability for those study periods.

In accordance with the ESOS Act if the University is unable to deliver a program to an international student, the University is considered to be in default. In these cases, in the unlikely event the University is unable to offer the student an alternative program that the student accepts or pay the student a refund of the student's unspent prepaid tuition fees, the Tuition Protection Service (TPS) will assist the student to find an alternative course of study or to get a refund, if a suitable alternative is not found.

2.5.2 Refunds where there is no compliant written agreement

Where an international student withdraws from their program or their enrolment is cancelled but there is no compliant written agreement between the University and the student which sets out the refund arrangements that will apply in those circumstances, the University will refund all tuition fees paid for the study period in which the student is withdrawn or cancelled.

2.6 Appeals

In accordance with the provisions of the University's [Student Grievance Resolution Policy](#):

- A student may seek a review of a refund decision by writing to the Academic Registrar.
- An international student can apply in writing to the Academic Registrar to request a variation of a charge for cancellation of enrolment.

Requests for the refund of uncollected funds which have been transferred to a University fund to support students in hardship will be considered on a case by case basis and are to be submitted in writing to the Director, Student Administration.

3.0 Key Requirements

Refunds applications must be made before uncollected funds are transferred to a University fund to support students.

Students must supply supporting documentation requested by the University:

¹ The program offered to you, and any major/field of study specified, is offered subject to its availability for your chosen semester start date. Occasionally, it is necessary for the University to withdraw a program (or major) after an offer has been made and/or accepted. Where this is necessary, the University will meet its obligations under the Tuition Protection Service (TPS) by offering you a suitable alternative program, where one exists, or a full refund of any fees paid. In addition, there may be some circumstances under which your field of study and/or choice of courses may be restricted for other reasons (for eg if you are a citizen of a country under sanctions with the United Nations or the Australian Government).

² If you accept this offer, you are expected to be on campus and ready to commence your program, and to join the compulsory Orientation session, by the dates given above. Please refer to the Notes section below for further information about late starts and possible deferrals to a future semester.

³ If the commencement and/or completion date shown above are more than 1 year in advance of the date of this offer, please confirm the exact dates nearer the time either with the faculty for your program or by checking UQ's [Academic Calendar](#) for the year(s) concerned.

Accepting your Offer

You can go ahead and accept this offer.

You should accept this offer by **3 January 2021**. Please note that this acceptance date is not a strict deadline but is a date which allows sufficient time for us to process your acceptance and issue a Confirmation of Enrolment (CoE), if necessary. If you are unable to accept your offer by this date, please contact your Education Representative or Admissions Officer for advice. In addition, if you require a Student Visa, you should also factor in the time that it may take for your visa to be issued.

To accept your offer and reserve your place in the program, please log in to the UQ Student portal at apply.uq.edu.au and follow the instructions to accept (unless you are under 18 at the time you are due to commence your program, in which case please see 'Under 18' below). Once conditions of your offer, if any, have been met, an invoice will be generated when you accept providing you with further details, including how to pay.

If you are sponsored by a third party, you will be asked to provide a copy of your scholarship/sponsorship letter. Scholarship providers/sponsors will be invoiced directly according to the terms and conditions of the Financial Guarantee, and you will be liable for any amounts not covered by your sponsorship arrangement.

If you are unable to accept the offer for the semester indicated, and wish to be considered for a future semester instead, please refer to the Notes section below for information.

Transferring to another institution

If you accept your offer and obtain your Student Visa, and then wish to transfer to another institution in Australia within the first 6 calendar months after the commencement date of your principal program (or prior to that commencement), you must request to be released by UQ. A release is not guaranteed and is only given in exceptional circumstances as outlined in UQ's [Transfer of Provider Policy and Procedures](#).

Under 18

If you will be under 18 at the time you wish to accept this offer, you will need a parent or legal custodian (i.e. legal guardian) to accept the offer. For this reason, you will find an Acceptance document with this letter which should be completed and signed by your parent or legal guardian and then uploaded via the Student Portal as part of the acceptance process.

If you will still be under 18 at the time you are due to arrive in Australia to commence your UQ studies, you will either need a parent/legal custodian or suitable relative (approved by the Department of Home Affairs) living in Brisbane who will be responsible for your accommodation and welfare or you will need to apply for UQ's [International Student Supervision Program](#). For students accepted into the Supervision Program, UQ approves the accommodation, support and general welfare of students until they are 18 years old. Now that you have received a UQ offer, you may apply for the [Supervision Program](#) by completing the Supervision Program [online registration form](#) and uploading all [supporting documents](#), including the [Declaration Form](#). Once your registration details have been reviewed, UQ Student Services will email you to confirm the total Supervision Program fee payable, with instructions on how to make payment, and how your accommodation arrangements will be finalised.

Please note that, if you are applying for UQ's Supervision Program, you will only be able to accept your UQ offer and receive your Confirmation of Enrolment (CoE) and Confirmation of Appropriate Accommodation and Welfare (CAAW) when UQ Student Services has confirmed that you have been accepted into the Supervision Program and you have paid a deposit for your accommodation.

If you have a parent/legal custodian or suitable relative who will be responsible for you instead, please refer to the Guardian Form for International Students Under 18 Years of Age form which has also been sent to you with this offer. This form will need to be completed and returned before we will be able to issue a Confirmation of Enrolment (see below).

Guaranteed accommodation

The University offers guaranteed accommodation to individual students who will be over 18 years of age when taking up their place of residence, who will be studying in Brisbane for the first time as an international student at UQ's St Lucia or Herston campus (guaranteed accommodation is not available for students studying at Gatton campus), and who meet certain criteria. Students must have accepted their UQ offer. Full details on eligibility, closing dates, accommodation possibilities and how to apply are given in the [Guaranteed Accommodation](#) section of the UQ website.

Confirmation of a Place

Once the University is satisfied that all requirements have been met for you to take your place in the program, the University will issue you with: *either* an electronic Confirmation of Enrolment (CoE) if you require a Student Visa, *or* an acknowledgement of your acceptance if you already hold a substantive visa which enables you to study at UQ.

On receipt of the CoE, you may proceed to apply to the Department of Home Affairs for a Student Visa#.

Notes

The first page of this offer gives the commencement date of classes and completion date for your program. This period also includes holiday breaks. These are available from the [Academic Calendar](#) for each year.

A later start is only possible in exceptional circumstances, and for some programs there can be no flexibility with start dates. Where a later start is permitted, this is usually only within the first week of classes. Late starts must be requested and confirmed by the University in advance.

Requests must be sent to iaslatearrivals@uq.edu.au by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Deferrals to a future semester

If you are unable to accept the offer for the semester indicated, or you have accepted your offer and are unable to commence in that semester, it may be possible for you to defer (on compassionate or compelling grounds). If you do not meet the grounds for a deferral, it may still be possible to offer you a place for your chosen program in a future semester. Deferrals are not possible for quota programs. Deferrals can only be considered for a program commencement within 12 months of your original start date.

To request a deferral, go to 'Make a Change' in the UQ Student Portal. Requests must be received by the compulsory Orientation date given in this offer letter. Requests received after this date will only be considered if there are demonstrated extenuating circumstances.

Please note that a deferred or postponed commencement may result in a change of tuition fees payable.

OSHC

As an international student, it is a condition of your Student Visa that you have Overseas Student Health Cover (OSHC) for the duration of your Student Visa in Australia, unless one of the exceptions noted below applies to you. The University can assist you by arranging cover through its preferred provider [Allianz Global Assistance \('AGA'\)](#). The University will receive a fee from AGA for arranging the [Essentials policy cover](#) for you.

OSHC coverage, including out of hospital and in hospital medical services, are detailed in the policy document that you will receive.

If you choose another OSHC provider, you will need to provide evidence of payment when your acceptance and payment documents are returned to UQ. Please note that UQ can only accept proof of cover with an OSHC provider approved by the Australian government. These providers are - Allianz

Global Assistance, Australian Health Management, BUPA Australia, Medibank Private, and Nib OSHC. When choosing your OSHC provider, you are advised to compare the level of cover offered by each and consider whether it would cover your requirements both now and in the future, including, for example, cover for any pre-existing conditions.

Note – the following students do not need to take out OSHC:

- Belgian and Norwegian students, due to the agreements between the respective governments, and
- Swedish students whose insurance is provided by CSN International (the Swedish National Board of Student Aid) or Kammarkollegiet (the Swedish Legal, Financial and Administration Agency).

Complaints and appeals

The University provides a grievance resolution process, outlined in Policy [3.60.02 Student Grievance Resolution](#), so that students have an avenue through which to express a grievance (complaint) and have their grievance considered by the relevant University decision-maker. If a student is dissatisfied with the decision about their grievance, they have the opportunity to appeal that decision to the relevant appeal body (see the Decision-maker Tables, Section 9 of the Procedures, [3.60.02](#)).

Where all avenues for escalation or appeal listed in Section 9 of the Procedures have been exhausted, without reaching what the student considers to be a satisfactory outcome, the student may then take the matter to the [Queensland Ombudsman](#).

Your contact details

Note that you are required to provide UQ with your residential address, mobile number, email address and emergency contacts, and advise of any changes to these within 7 days of the change.

#Student Visa applications

All applications for a Student Visa (subclass 500) must be lodged online via the [Department of Home Affairs' ImmiAccount](#). For your visa application to be processed, your application must be complete when lodged and must include a [Genuine Temporary Entrant statement](#), which is compulsory for all visa applications. For information about other documents that you will need to provide to the Department of Home Affairs, go to the Department of Home Affairs's [Document Checklist Tool](#). Please note that you may be required to provide financial statements to the Department of Home Affairs as evidence that you have access to sufficient funds for your studies in Australia.

Notice on Fees

Annual review and indexation of fees

Fees are subject to annual review and the University reserves the right to vary the fees charged to a student during their enrolment.

Program-based tuition fees

Tuition fees for coursework programs are program-based. Program-based tuition fees means all courses you undertake in your program are charged at the same tuition fee rate, in a given academic year.

Program-based fees are subject to annual review and indexation.

More information about tuition fees is available on the University's *Future Students* website under ['Applying'](#).

Indicative annual tuition fee

The indicative annual tuition fee in your offer letter is based on a standard full-time study load (usually 16 units; 8 units for a Graduate Certificate) for the year of commencement.

Tuition fees for less than a standard full-time study load for the year will be lower and fees will be higher if you study more than the standard load.

Indicative total program tuition fee

The indicative total program tuition fee in your offer letter is based on the tuition fee rate for the commencement year and an estimated 6% increase in fees for each subsequent year of study. The fee is calculated using the earliest available commencement semester in the commencement year and the normal program duration.

Your actual total program tuition fee may be lower if:

- the annual increase for a given year is less than 6%; or
- you receive credit towards your program.

Your actual total program tuition fee may be higher if:

- The annual increase in fees for a given year is more than the estimate (based on 6%);
- You commence the program in a later semester (where the indicative fee was based on a Semester 1 commencement);
- You take longer than the normal duration to complete your program.

The total tuition fee quoted on a Confirmation of Enrolment (CoE) used for a student visa application may be different from the total program tuition fee quoted in your offer. The fee quoted in a CoE may be the estimated total tuition fee for commencement in a different year.

Where fees vary, use the indicative total tuition fee quoted in this offer as a guide. Check your program details on the [UQ Future Students Website](#) for up to date information.

Student Services and Amenities Fee (SSAF)

UQ charges a capped annual [Student Services and Amenities Fee \(SSAF\)](#). This fee is set by the Australian government and is indexed annually.

Other administrative charges and additional costs

You will incur additional costs if your chosen program(s) and/or courses have additional requirements such as field trips, immunisations, first aid certificates, etc and these are clearly outlined in the program details on the [UQ Future Students Website](#).

Please be aware that other administrative charges may apply:

- For goods or services that are not essential to your course or program; and
- For alternative forms of access to essential services normally provided free of charge; and
- As penalties if you fail to complete administrative actions by the relevant due dates.

Circumstances and amounts payable are published in the University's [Fee Schedules for all students](#) and are subject to review.

Note - the application fee is non-refundable.

Payment priority

Payments will be applied to any outstanding debt from a previous study period first.

Payment of fees

Your deposit may not fully cover your tuition fees for your first study period of enrolment and you will be required to pay any balance of fees (plus the SSAF) by the fees due date (see Fees Due Dates section below). You may choose to pay more than the tuition deposit amount specified in the offer letter, but you are not required to do so. The University cannot accept payment of more than the indicative total program tuition fee. Once you enrol, UQ's student information system (mySI-net) will automatically calculate your fees each study period.

Fees due dates

Fees for each study period are payable at the start of the study period. See due dates on [my.UQ](#) for more information.

Your enrolment in a study period is not confirmed until all fees have been paid. Payment after the fees due date may result in the application of an administrative charge for late payment. Further, if all fees are not paid by the census date, your enrolment may be cancelled.

Refunds

Please refer to the enclosed '[Student Refunds - Procedures](#)' document, which is also available in UQ's Policy and Procedures library [here](#). A Refund Summary is included below for your reference. However, please note the Student Refunds – Procedures sets out the University's policy and procedures on refunds in detail and you should read and understand it. If there is any inconsistency between the summary below and the Student Refunds – Procedures, the Student Refunds – Procedure will apply.

Refunds summary

- Tuition fee liability is incurred at midnight on the census date for each study period in which you are enrolled. Amounts paid which have not been applied to a liability remain as credit in your UQ Account.
- You may request a refund of an amount in credit on your UQ account, except where the amount in credit is a deposit to be applied towards the tuition fee for your first study period of enrolment in a program and you have not withdrawn from the program.
- Amounts paid to the University for a given study period by you or on your behalf may be used to settle your previously incurred debts to the University, which may reduce the amount available for refund.
- Where you have accepted a place in a program and you withdraw or your enrolment is cancelled prior to the end of the census date of the first study period of enrolment in the program, a full refund is payable less a charge for cancellation of enrolment as outlined in Table 1 (below).

- If you withdraw from a program before the end of the census date you will be entitled to a full refund, after application of any relevant administrative charges.
- If you are enrolled after the census date, you are not entitled to a refund of tuition fees except in special circumstances outlined in the enclosed 'Student Refunds - Procedures'.
- If the University is unable to deliver a coursework program in full it is considered a University default and you will be offered:
 - a. A full refund of all tuition fees paid for the study period in which the University default occurs and any tuition fees paid in advance for future study periods in the program; or
 - b. Enrolment in another program by the University; or
 - c. In the unlikely event the University is unable to provide a full refund or enrolment in another program, the Tuition Protection Service will assist you to find an alternative program or to obtain a refund if a suitable alternative program is not found.
- To apply for a refund you must submit an online student fee refund request via [my.UQ](#). If you have paid a deposit to accept an offer of a place at UQ but cannot access my.UQ you will be provided with a refund form which you may submit to applicationstatus@uq.edu.au.
- Refunds will be processed within 28 days of the University's receipt of your duly completed refund request; or where the University defaults, within 14 days of receipt of your duly completed refund request.
- Refunds, where possible, are made to the original payment source, with some exceptions; these are detailed in the enclosed 'Student Refunds – Procedures'. Note, circumstances where a person other than you may receive a refund include:
 - Where an amount is paid under a University administered scholarship, third party contract (TPC) or loan arrangement, under the terms of which you are not eligible for a refund.
 - Where payment was made by someone else on your behalf.
 - Where payment was made via an authorised UQ agent. However, in this case you may specify an alternative account for refund remittance in your refund application.
- Refunds will be made in Australian dollars with the exception of UQ-Ochsner tuition fees which will be refunded in USD.
- Any amount in credit in your UQ student account for more than 15 months will be transferred to a University fund to support students, unless you apply for a refund in a timely manner or have approval to defer your offer.

STUDENT REFUNDS - PROCEDURES

1.0 Purpose and Scope

This procedure outlines The University of Queensland's (UQ's) arrangements for assessing and processing student refunds and applies to all prospective, current and former UQ students.

1.1 Exclusions

The following types of refund are not covered by this procedure:

- Overseas Student Health Cover (OSHC) – international students should consult their OSHC provider about refund provisions.
- Course or program related [incidental fees](#) – students apply directly to the relevant school or faculty.
- Removal of [financial liability](#) after the census date due to special circumstances.

2.0 Process and Key Controls

To process a refund request a student must have an amount in credit in their UQ student account.

Eligible students must apply in accordance with this procedure for a refund to be considered and processed by UQ.

The [Student Fees](#) team within the Academic Services Division has primary responsibility for managing the student fees function at UQ, including processing and authorising refunds.

Students have a right to seek a review of a refund decision in accordance with section 2.6 of this procedure.

2.1 Eligibility

Prior to applying for a refund, students must consider the following eligibility requirements:

2.1.1 Refunds before census date

A student who withdraws from a course before the census date will be eligible for a full refund of the tuition fee paid for the course.

Where a student withdraws from a program by the census date a full refund of tuition fees for the study period is payable, unless the student is a commencing international student.

Where a commencing international student (or a commencing international student granted Australian permanent residency or NZ citizenship in the first study period of enrolment in a program) withdraws from their program or their enrolment in the program is cancelled, before the end of the census date of the first study period of enrolment, a full refund is payable less an administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#).

2.1.2 Refunds after census date

Where a student is enrolled in study period after the census date, a tuition fee paid for the study period is not refundable, unless:

- The student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of](#)

[Financial Liability Due to Special Circumstances](#); or

- The student's provisional enrolment is cancelled following refusal of enrolment in that study period for unsatisfactory academic progress (show cause); or
- The student's provisional enrolment in the study period is cancelled due to non-payment of fees by the study period's census date; or
- The student is an international student who is unable to continue study in the study period due to student visa refusal.

A student services and amenities fee (SSAF) is not refundable after the relevant [SSAF payment date](#).

2.1.3 Refusal of enrolment

A full refund is not payable if the University cancels a student's enrolment in the following circumstances:

- a. The University withdraws an international student's offer of a place or cancels an international student's enrolment in the first study period due to the provision of incorrect or incomplete information in an application for admission. In this case the administrative charge for cancellation of enrolment, as outlined in the University's fee schedule for [administrative and miscellaneous charges](#) will be applied.
- b. The University cancels a student's enrolment or suspends or expels a student from the University under PPL 3.60.04 Student Integrity and Misconduct. In this case no fees paid by the student relating to the period are refundable.

2.1.4 Refunds of financial aid

Where a student's fees are paid by Financial Aid, the amount payable as a refund is calculated in accordance with US Federal William D. Ford Direct Loan Program guidelines.

- Where a student drops all course enrolments in a study period, having completed 60% or less of the study period, the unearned portion of funds provided for study purposes is repaid to the financial institution administering the US Government loan; or
- Where a student withdraws from all course enrolments in a study period, having completed 61% or more of the study period, no refund will be directly payable to a student; unless the student is granted removal of financial liability in accordance with [PPL 3.50.10 Removal of Financial Liability Due to Special Circumstances](#) or the student withdraws as a result of a student visa refusal.

2.2 Applications for refunds

Students applying for a refund must submit an online student fee refund request via [my.UQ](#).

Where a student cannot access my.UQ a completed Student Fees Refund Request form may be submitted to fees@uq.edu.au with verifiable proof of identity. A prospective international student who has paid a deposit to accept an offer of a place at UQ may submit the form to applicationstatus@uq.edu.au.

A commencing international student wishing to withdraw completely from a program in the first study period of enrolment must complete an Application to Withdraw before applying for a refund.

UQ will process refund requests within 28 calendar days of receiving a valid student refund request application, or within 14 calendar days in the case of University default where a refund request is received from an international student.

If information required from a student to process a refund request is not complete or correct, the processing timeframe will commence once the required information is received by Student Fees and Scholarships.

Refund request notifications to students will be sent to:

- The student's my.UQ Dashboard Notifications; or
- The student's UQ email address, where a PDF refund request is received; or
- The email address provided with a student's application to enrol, where an international student does not have a UQ Account.

2.3 Remittance of refunds

2.3.1 Currency

Refunds will be made in Australian dollars, with the exception of tuition fees for the UQ-Ochsner program which will be made in US dollars.

2.3.2 Refunds to payment source

Refunds are generally made to the original payment source, including:

- Where an amount is paid under a University administered scholarship, third party contract (TPC) or loan arrangement, under the terms of which you are not eligible for a refund.
- Where payment was made by someone else on your behalf.
- Where payment was made via an authorised UQ agent.

2.3.3 Refunds to another account

In the following circumstances, refunds may be made to another account:

- Payments made by Australian credit card more than twelve months prior to the refund may be refunded to a bank account specified by the student.
- Where a student can provide documentary evidence from the payor's bank/card provider proving the originating account is closed, refunds can be made to a bank account specified by the student.
- For payments made by BPay or bank transfer, refunds can be paid into a bank account specified by the student. (Flywire may require proof of original payment transaction and bank account details).
- Where payment is made via an authorised UQ agent, the student may specify a different account for payment of a refund in the refund request.
- For circumstances not covered by these procedures, the student may apply in writing to the Academic Registrar to have a refund remitted to a different account.

2.4 Uncollected funds

An amount in credit on a student's account which has been inactive for a period of 15 months is considered uncollected funds.

Students with uncollected funds will be contacted by the University, unless there are no contact details recorded in mySI-net or the amount of uncollected funds is less than \$56.

If the student does not apply for a refund or contact Student Fees and Scholarships within 30 days of the date the University notifies the student of uncollected funds, the student agrees that the uncollected funds are transferred to a University fund to support students in hardship.

Uncollected funds which have been transferred to a University fund to support students in hardship will not be refunded except in exceptional circumstances as determined by the Director, Student Administration.

2.5 University default – International Students

2.5.1 Refunds where a program cannot be delivered

If the University is unable to deliver a coursework program in full it is considered a University default and a student will be offered:

- A full refund of all tuition fees paid for the study period in which the default occurs and any tuition fees paid in advance for future study periods in the program; or
- The student may be offered enrolment in another program by the University.

If the University is unable to deliver suitable advisory support to a Higher Degree by Research student, the student will be offered a full refund of tuition fees paid for the research quarter in which the default occurs and any tuition fees paid in advance for future study periods of the program.

Tuition fees paid for earlier study periods will not be refunded, except where a student is granted removal of financial liability for those study periods.

In accordance with the ESOS Act if the University is unable to deliver a program to an international student, the University is considered to be in default. In these cases, in the unlikely event the University is unable to offer the student an alternative program that the student accepts or pay the student a refund of the student's unspent prepaid tuition fees, the Tuition Protection Service (TPS) will assist the student to find an alternative course of study or to get a refund, if a suitable alternative is not found.

2.5.2 Refunds where there is no compliant written agreement

Where an international student withdraws from their program or their enrolment is cancelled but there is no compliant written agreement between the University and the student which sets out the refund arrangements that will apply in those circumstances, the University will refund all tuition fees paid for the study period in which the student is withdrawn or cancelled.

2.6 Appeals

In accordance with the provisions of the University's [Student Grievance Resolution Policy](#):

- A student may seek a review of a refund decision by writing to the Academic Registrar.
- An international student can apply in writing to the Academic Registrar to request a variation of a charge for cancellation of enrolment.

Requests for the refund of uncollected funds which have been transferred to a University fund to support students in hardship will be considered on a case by case basis and are to be submitted in writing to the Director, Student Administration.

3.0 Key Requirements

Refunds applications must be made before uncollected funds are transferred to a University fund to support students.

Students must supply supporting documentation requested by the University:

- i. Where a refund is not able to be made to the originating source;
- ii. Where information is incomplete or incorrect;
- iii. To verify the student as the refund initiator.

A refund request from an international student who is under 18 years of age must be authorised by the student's parent or guardian who accepted the offer on behalf of the student.
